## Subject index\*

### A

#### Abdominal injuries

Nonsurgical management of penetrating uterine trauma in pregnancy: a case report (Grubb). 1992;166:583-4

#### Abdominal pain

Long-term sequelae of acute pelvic inflammatory disease: a retrospective cohort study (Safrin et al). 1992;166:1300-5

The resolution of chronic pelvic pain after normal laparoscopy findings (Baker and Symonds). 1992;166:835-6

#### Abnormalities

Bilateral choroid plexus cysts in trisomy 21 (Rotmensch et al). 1992;166:591-2

Hydroxy fetalis associated with congenital myotonic dystrophy (Afifi et al). 1992;166:929-30

Maternal phenylketonuria collaborative study, obstetric aspects and outcome: the first 6 years (Platt et al). 1992;166:1150-62

Percutaneous umbilical blood sampling: results from a multicenter collaborative registry (Hickok et al). 1992;166:1614-8

Prenatal diagnosis of autosomal recessive polycystic kidney disease: variable outcome within one family (Barth et al). 1992;166:560-7

Prenatal ultrasonographic findings associated with wide clefting of the upper two thirds of the fetal sternum (Mahone et al). 1992;166:1219-21

Receiver-operator characteristic, efficiency analysis, and predictive value of serum progesterone concentration as a test for abnormal gestations (Cowan et al). 1992;166:1729-37

Spontaneous abortion and subsequent adverse birth outcomes (Thom et al). 1992;166:111-6

#### Abortion

Abortion or motherhood, suicide and madness (Ryan). 1992;166:1029-36

Depressive symptoms in women in the 6 months after miscarriage (Neugebauer et al). 1992;166:104-9

Early amniocentesis: outcome, risks, and technical problems at  $\leq 12.8$  weeks (Hanson et al). 1992;166:1707-11

In the rhesus monkey placental retention after fetectomy at 121 to 130 days' gestation outlasts the normal duration of pregnancy (Nathanielsz et al). 1992;166:1529-35

Incidence of pelvic inflammatory disease after first-trimester legal abortion in women with bacterial vaginosis after treatment with metronidazole: a double-blind, randomized study (Larsson et al). 1992;166:100-3

Sex selection and early pregnancy fetal sex determination: ethics and personal freedom of choice (Stephens) (Letter); (Evans and Fletcher) (Reply). 1992;166:1024-5

Spontaneous abortion and subsequent adverse birth outcomes (Thom et al). 1992;166:111-6

#### Abortion, habitual

Evidence of embryo- and trophoblast-toxic cellular immune response(s) in women with recurrent spontaneous abortion (Hill et al). 1992;166:1044-52

Frequency of positive antinuclear antibody test results in women with recurrent spontaneous abortions (Harger) (Letter); (Xu et al) (Reply). 1992;166:1021-2

Impact of histocompatibility antigens on pregnancy outcome (Eroglu et al). 1992;166:1364-9

Interlaboratory variation in antiphospholipid antibody testing (Peaceman et al). 1992;166:1780-7

Mechanism of recurrent spontaneous abortion. I. Ultrasonographic findings (Stern and Coulam). 1992;166:1844-52

Prevalence of out-of-phase endometrial biopsy specimens (Peters et al). 1992;166:1738-46

Repeated fetal losses associated with antiphospholipid antibodies: a collaborative randomized trial comparing prednisone with low-dose heparin treatment (Cowchock et al). 1992;166:1318-23

Reproductive outcome in women with recurrent spontaneous abortions of alloimmune and autoimmune causes: preconception versus postconception treatment (Kwak et al). 1992;166:1787-98

#### Abruptio placentae

Abruptio placentae associated with perforated appendicitis and generalized peritonitis (Yaron et al). 1992;166:14-5

#### Abscess, pelvic; see Adnexitis

#### Absorptiometry, photon

Low-dosage micronized 17 $\beta$ -estradiol prevents bone loss in postmenopausal women (Ettinger et al). 1992;166:479-88

#### Abstracts

12th annual meeting of the Society of Perinatal Obstetricians. 1992;166:273-478

#### Acid-base equilibrium

Does amniotic fluid analysis reflect acid-base balance in fetal blood? (Economides et al). 1992;166:970-3

The effect of fetal sepsis on umbilical cord gases (Meyer et al). 1992;166:612-7

Long-term acid-base measurements in the fetal and maternal baboon (Daniel et al). 1992;166:707-12

#### Acoustic stimulation

Umbilical artery flow velocity after vibratory acoustic stimulation (Nakamura et al) (Letter); (Gagnon et al) (Reply). 1992;166:1865-6

#### Acquired immunodeficiency syndrome

Papanicolaou smear abnormalities in ambulatory care sites for women infected with the human immunodeficiency virus (Marte et al). 1992;166:1232-7

#### Actocardiocography

Actocardiocographic monitoring of triplets during vaginal delivery (van Eyck and Arabin). 1992;166:1293-4

#### Adenocarcinoma

Comparison of adenocarcinoma and squamous cell carcinoma of the uterine cervix: a population-based epidemiologic study (Anton-Culver et al). 1992;166:1507-14

\*January, part 1, 1-272; part 2, 273-478; February, 479-772; March, 773-1028; April, 1029-1314; May, 1315-1594; June, part 1, 1595-1948; part 2, 1949-2012.

**Adenocarcinoma—cont'd**

Human monoclonal antibody recognizing an antigen associated with ovarian and other adenocarcinomas (Smith et al). 1992;166:634-45

The utility of immunocytochemistry in invasive adenocarcinoma of the cervix (Tamimi et al). 1992;166:1655-62

**Adenomyosis; see Endometriosis****Adenosine cyclic monophosphate**

Catecholamines modulate epidermal growth factor-induced prostaglandin  $E_2$  production in amnion-like (WISH) cells by means of a cyclic adenosine monophosphate-dependent pathway (Su et al). 1992;166:236-41

Partial hydatidiform moles have impaired differentiated function (human chorionic gonadotropin and human placental lactogen secretion) in response to epidermal growth factor and 8-bromo-cyclic adenosine monophosphate (Morrish et al). 1992;166:160-6

**Adhesions**

Comparison of the peritoneal cells elicited by oxidized regenerated cellulose (Interceed) and expanded polytetrafluoroethylene (Gore-Tex Surgical Membrane) in a murine model (Haney and Doty). 1992;166:1137-49

**Administration, cutaneous**

Comparison of transdermal and oral estrogen/progestin replacement therapy: effects on serum lipids and lipoproteins (Crook et al). 1992;166:950-5

Use of two types of estradiol-releasing skin patches for menopausal patients in a tropical climate (McCarthy et al). 1992;166:2005-10

**Administration, intranasal**

Bioavailability of nafarelin in healthy volunteers (Chaplin). 1992;166:762-5

**Administration, intravaginal**

Periconceptional exposure to topical 5-fluorouracil (Otaño et al) (Letter); (Plouffe et al) (Reply). 1992;166:263-4

**Administration, oral**

Comparison of transdermal and oral estrogen/progestin replacement therapy: effects on serum lipids and lipoproteins (Crook et al). 1992;166:950-5

**Adnexitis**

Incidence of pelvic inflammatory disease after first-trimester legal abortion in women with bacterial vaginosis after treatment with metronidazole: a double-blind, randomized study (Larsson et al). 1992;166:100-3

Long-term sequelae of acute pelvic inflammatory disease: a retrospective cohort study (Safrin et al). 1992;166:1300-5

Pelvic abscess complicating transcervical embryo transfer (Sauer and Paulson). 1992;166:148-9

Pelvic inflammatory disease: findings during inpatient treatment of clinically severe, laparoscopy-documented disease (Livengood et al). 1992;166:519-24

Pelvic inflammatory disease: trends in hospitalizations and office visits, 1979 through 1988 (Rofls et al). 1992;166:983-90

**Adolescence**

Contraceptive compliance with a levonorgestrel triphasic and a norethindrone monophasic oral contraceptive in adolescent patients (Woods et al). 1992;166:901-7

Dysmenorrhea and use of oral contraceptives in adolescent women attending a family planning clinic (Robinson et al). 1992;166:578-83

Early menopause in long-term survivors of cancer during adolescence (Byrne et al). 1992;166:788-93

Is trichomoniasis often associated with bacterial vaginosis in pregnant adolescents? (James et al). 1992;166:859-63

**Adrenal cortex hormones**

Effects of antenatal thyrotropin-releasing hormone, antenatal corticosteroids, and postnatal ventilation on surfactant mobilization in premature rabbits (Seidner et al). 1992;166:1551-9

A randomized, placebo-controlled trial of betamethasone for the prevention of respiratory distress syndrome at 24 to 28 weeks' gestation (Garite et al). 1992;166:646-51

**Adrenal hyperplasia, congenital**

Rapid identification of deoxyribonucleic acid sequence differences in cytochrome P-450 21-hydroxylase (CYP21) genes with denaturing gradient gel blots (Reindollar et al). 1992;166:184-91

**Age factors**

Lp(a) lipoprotein: relationship to cardiovascular disease risk factors, exercise, and estrogen (Lobo et al). 1992;166:1182-90

**Aged**

Radical hysterectomy in the elderly patient: analysis of morbidity (Fuchtnner et al). 1992;166:593-7

**Alcohol**

Influence of alcohol intake on postoperative morbidity after hysterectomy (Felding et al). 1992;166:667-70

**Alkylating agents**

Early menopause in long-term survivors of cancer during adolescence (Byrne et al). 1992;166:788-93

**Alloimmune thrombocytopenia; see Thrombocytopenia****Alpha fetoproteins**

The California Maternal Serum  $\alpha$ -Fetoprotein Screening Program: the role of ultrasonography in the detection of spina bifida (Platt et al). 1992;166:1328-9

Maternal serum  $\alpha$ -fetoprotein,  $\beta$ -human chorionic gonadotropin, and unconjugated estriol levels in midtrimester trisomy 18 pregnancies (Greenberg et al). 1992;166:1388-92

Ultrasonographic dating of pregnancy causes significant errors in Down syndrome risk assessment that may be minimized by use of biparietal diameter-based means (Reynolds et al). 1992;166:872-7

Unexplained elevated maternal serum  $\alpha$ -fetoprotein is not predictive of adverse perinatal outcome in an indigent urban population (Phillips et al). 1992;166:978-82

**Ambulatory care facilities**

Papanicolaou smear abnormalities in ambulatory care sites for women infected with the human immunodeficiency virus (Marte et al). 1992;166:1232-7

**The American Board of Obstetrics and Gynecology**

New certifications: subspecialty of Critical Care. 1992;166:1888

New certifications: subspecialty of Gynecologic Oncology. 1992;166:1869-85

New certifications: subspecialty of Maternal-Fetal Medicine. 1992;166:1885-6

New certifications: subspecialty of Reproductive Endocrinology. 1992;166:1887-8

Recertifications: principal specialty. 1992;166:1888-91

**American Gynecological and Obstetrical Society**

Transactions of the tenth annual meeting of the American Gynecological and Obstetrical Society. 1992;166:1029-207

**Amniocentesis**

Early amniocentesis: outcome, risks, and technical problems at  $\leq 12.8$  weeks (Hanson et al). 1992;166:1707-11

Therapeutic amniocentesis in twin-twin transfusion syndrome appearing in the second trimester of pregnancy (Saunders et al). 1992;166:820-4

#### **Amnion**

Catecholamines modulate epidermal growth factor-induced prostaglandin  $E_2$  production in amnion-like (WISH) cells by means of a cyclic adenosine monophosphate-dependent pathway (Su et al). 1992;166:236-41

#### **Amniotic fluid**

Amniotic fluid glucose and intraamniotic infection: sensitivity, specificity, and predictive values (Gonen) (Letter); (Kirshon) (Reply). 1992;166:1863-4

Does amniotic fluid analysis reflect acid-base balance in fetal blood? (Economides et al). 1992;166:970-3

Endothelin-1 and endothelin-2 levels are increased in the amniotic fluid of women with preterm labor and microbial invasion of the amniotic cavity (Romero et al). 1992;166:95-9

Eradication of *Ureaplasma urealyticum* from the amniotic fluid with transplacental antibiotic treatment (Romero et al). 1992;166:618-20

Infection and labor. VII. Microbial invasion of the amniotic cavity in spontaneous rupture of membranes at term (Romero et al). 1992;166:129-33

Intrapartum amniotic fluid index and its relationship to fetal distress (Robson et al). 1992;166:78-82

Mimicking low amniotic pressure by chronic pharyngeal drainage does not impair lung development in fetal sheep (Fisk et al). 1992;166:991-6

The relationship between acute inflammatory lesions of the preterm placenta and amniotic fluid microbiology (Romero et al). 1992;166:1382-8

Tumor necrosis factor in preterm and term labor (Romero et al). 1992;166:1576-87

#### **Anaphylaxis**

Latex anaphylaxis in an obstetrics and gynecology physician (Chen et al). 1992;166:968-9

#### **Anemia**

Acute posttraumatic fetal anemia treated with fetal intravascular transfusion (Del Valle et al). 1992;166:127-9

Effects of chronic maternal anemia on systemic and uteroplacental oxygenation in near-term pregnant sheep (Delpapa et al). 1992;166:1007-12

#### **Anemia, hemolytic**

Hemolytic disease of the fetus (Spinnato) (Letter); (Weiner) (Reply). 1992;166:1589-90

Human fetal bilirubin levels and fetal hemolytic disease (Weiner). 1992;166:1449-54

#### **Anemia, sideroblastic**

Successive pregnancies complicated by idiopathic sideroblastic anemia (Barton et al). 1992;166:576-7

#### **Anesthesia**

Inhibition of preimplantation mouse embryo development by isoflurane (Warren et al). 1992;166:693-8

#### **Angiography**

Angiographic embolization in the management of hemorrhagic complications of pregnancy (Gilbert et al). 1992;166:493-7

#### **Angiotensin II**

The blood pressure response to infusions of angiotensin II during normal pregnancy: relation to plasma angiotensin II concentration, serum progesterone level, and mean platelet volume (Ito et al). 1992;166:1249-53  
Changes in human platelet angiotensin II binding sites as-

sociated with early pregnancy (Baker et al). 1992;166:255-6

Uterine and umbilical flow velocity waveforms in normotensive and hypertensive subjects during the angiotensin II sensitivity test (Erkkola and Pirhonen). 1992;166:910-6

#### **Animal welfare**

Animals and ethics: how society's attitudes have changed (Fritzsche) (Letter); (Maharry) (Reply). 1992;166:1312-3  
The issue of animal rights and human rights (Heller). 1992;166:1588-9 (Letter)

#### **Anoxia**

Role of prostaglandins in the metabolic responses of the fetus to hypoxia (Hooper et al). 1992;166:1568-75

#### **Anti-C; see Antibodies**

#### **Antibiotics**

Direct inhibition of proteases and cervical plasminogen activator by antibiotics (Milwidsky et al). 1992;166:606-12

Eradication of *Ureaplasma urealyticum* from the amniotic fluid with transplacental antibiotic treatment (Romero et al). 1992;166:618-20

Erythromycin therapy in preterm premature rupture of the membranes: a prospective, randomized trial of 220 patients (Mercer et al). 1992;166:794-802

A review of premature birth and subclinical infection (Gibbs et al). 1992;166:1515-28 (Curr. dev.)

#### **Antibodies**

Severe anti-C hemolytic disease of the newborn (Bowman et al). 1992;166:1239-43

#### **Antibodies, antinuclear**

Frequency of positive antinuclear antibody test results in women with recurrent spontaneous abortions (Harger) (Letter); (Xu et al) (Reply). 1992;166:1021-2

#### **Antibodies, monoclonal**

Human monoclonal antibody recognizing an antigen associated with ovarian and other adenocarcinomas (Smith et al). 1992;166:634-45

#### **Anticancer drugs; see Antineoplastic agents**

#### **Anticonvulsants**

Anticonvulsant effects of magnesium sulfate on hippocampal seizures: therapeutic implications in preeclampsia-eclampsia (Cotton et al). 1992;166:1127-36

Magnesium sulfate is an unfit anticonvulsant in eclampsia (Luan) (Letter); (Sibai) (Reply). 1992;166:1588

#### **Antigens**

Derivation of new mathematic formulas for determining whether a D-positive father is heterozygous or homozygous for the D antigen (Kanter). 1992;166:61-3

Human monoclonal antibody recognizing an antigen associated with ovarian and other adenocarcinomas (Smith et al). 1992;166:634-45

Preeclampsia, von Willebrand factor antigen, and endothelial cells (Blann) (Letter); (Taylor et al) (Reply). 1992;166:769-70

#### **Antigens, tumor-associated, carbohydrate**

The clinical significance of thrombocytosis in women presenting with a pelvic mass (Chalas et al). 1992;166:974-7

#### **Antineoplastic agents**

Anticancer drugs during pregnancy: Are we able to discard them? (Kim et al) (Letter); (van der Zee et al) (Reply). 1992;166:265-6

#### **Antinuclear antibody; see Antibodies, antinuclear**

#### **Antiphospholipid antibody; see Autoantibodies**

#### **Aorta**

Intracerebral, aortic, and umbilical artery flow velocity

**Aorta—cont'd**

waveforms in the late-first-trimester fetus (Wladimiroff et al). 1992;166:46-9

**Apolipoproteins**

Lipid and apolipoprotein abnormalities in hirsute women.  
I. The association with insulin resistance (Wild et al). 1992;166:1191-7

**Appendicitis**

Abruptio placentae associated with perforated appendicitis and generalized peritonitis (Yaron et al). 1992;166:14-5

**Arginine**

Nω-Nitro-L-arginine, and inhibitor of nitric oxide synthesis, increases blood pressure in rats and reverses the pregnancy-induced refractoriness to vasopressor agents (Molnár and Hertelendy). 1992;166:1560-7

**Ascariasis**

Nematode infections: Is it wise to withhold medical treatment during pregnancy? I. Biliary complications (Villar L. and Sibai). 1992;166:549-50

**Ascitic fluid**

The effect of preovulatory peritoneal fluid from cases of endometriosis on murine in vitro fertilization, embryo development, oviduct transport, and implantation (Dodds et al). 1992;166:219-24  
Substance P in peritoneal fluid (Sanfilippo et al). 1992;166:155-9

**Asphyxia**

Meconium aspiration syndrome: reflections on a murky subject (Katz and Bowes). 1992;166:171-83 (Curr. dev.)  
The physiologic mechanisms of variable decelerations (Ball and Parer). 1992;166:1683-9  
Role of prostaglandins in the metabolic responses of the fetus to hypoxia (Hooper et al). 1992;166:1568-75

**Atrial natriuretic peptide; see Natriuretic peptides, atrial****Attitude**

Animals and ethics: how society's attitudes have changed (Fritzschke) (Letter); (Maharry) (Reply). 1992;166:1312-3  
Attitudes toward reproduction in a nonpatient population (Wikman et al). 1992;166:121-6

**Auscultation**

The accuracy of auscultatory detection of fetal cardiac decelerations: a computer simulation (Schiffrin et al). 1992;166:566-76  
Details of electronic fetal monitoring randomized control trials (Schiffrin) (Letter); (Ellison) (Reply). 1992;166:1308-9

**Autoantibodies**

Interlaboratory variation in antiphospholipid antibody testing (Peaceman et al). 1992;166:1780-7  
Repeated fetal losses associated with antiphospholipid antibodies: a collaborative randomized trial comparing prednisone with low-dose heparin treatment (Cowchock et al). 1992;166:1318-23

**Autoimmunity**

Reproductive outcome in women with recurrent spontaneous abortions of alloimmune and autoimmune causes: preconception versus postconception treatment (Kwak et al). 1992;166:1787-98

**B****Backache**

An integrated therapy for peripartum pelvic instability: a study of the biomechanical effects of pelvic belts (Vleeming et al). 1992;166:1243-7

**Bacteria**

Characteristics of three vaginal flora patterns assessed by Gram stain among pregnant women (Hillier et al). 1992;166:938-44

**Bacterial vaginosis; see Vaginitis****Benzo(a)pyrene**

The effect of benzo(a)pyrene on murine ovarian and corpora lutea volumes (Miller et al). 1992;166:1535-41

**17Beta-estradiol; see Estradiol****Beta-human chorionic gonadotropin; see Gonadotropins, chorionic****Betamethasone**

Effects of antenatal thyrotropin-releasing hormone, antenatal corticosteroids, and postnatal ventilation on surfactant mobilization in premature rabbits (Seidner et al). 1992;166:1551-9

A randomized, placebo-controlled trial of betamethasone for the prevention of respiratory distress syndrome at 24 to 28 weeks' gestation (Garite et al). 1992;166:646-51

**Bicycle exercise test; see Exercise test****Biliary tract**

Nematode infections: Is it wise to withhold medical treatment during pregnancy? I. Biliary complications (Villar L. and Sibai). 1992;166:549-50

**Bilirubin**

Human fetal bilirubin levels and fetal hemolytic disease (Weiner). 1992;166:1449-54

**Binding sites**

Changes in human platelet angiotensin II binding sites associated with early pregnancy (Baker et al). 1992;166:255-6  
The presence of platelet-activating factor binding sites in human myometrium and their role in uterine contraction (Zhu et al). 1992;166:1222-7

**Bioavailability; see Biological availability****Biological availability**

Bioavailability of nafarelin in healthy volunteers (Chaplin). 1992;166:762-5  
Postmenopausal steroid replacement with micronized dehydroepiandrosterone: preliminary oral bioavailability and dose proportionality studies (Buster et al). 1992;166:1163-70

**Biophysics**

Comprehensive fetal assessment with three ultrasonographic characteristics (James et al). 1992;166:1486-95  
Fetal biophysical and umbilical cord gases (Modanlou) (Letter); (Vintzileos et al) (Reply). 1992;166:1589  
Population differences of fetal biophysical and behavioral characteristics (Johnson et al). 1992;166:138-42

**Biopsy**

Hysteroscopic myometrial biopsy: its use in diagnosing adenomyosis and its clinical application (McCausland). 1992;166:1619-28  
Prevalence of out-of-phase endometrial biopsy specimens (Peters et al). 1992;166:1738-46

**Birth; see Delivery****Birth defects; see Abnormalities****Birth injuries**

Brachial plexus palsy: an old problem revisited (Jennett et al). 1992;166:1673-7

**Birth weight**

Efficacy of the fetal-pelvic index in nulliparous women at high risk for fetal-pelvic disproportion (Morgan and Thurnau). 1992;166:810-4

Neonatal morbidity according to gestational age and birth weight from five tertiary care centers in the United States, 1983 through 1986 (Robertson et al). 1992;166:1629-45

#### **Blastocyst**

Inhibition of preimplantation mouse embryo development by isoflurane (Warren et al). 1992;166:693-8

#### **Blood**

Magnetic cell sorting and the transferrin receptor as potential means of prenatal diagnosis from maternal blood (Gänshirt-Ahler et al). 1992;166:1350-5

#### **Blood, analysis**

Analysis of peripheral blood of pregnant women for the presence of fetal Y chromosome-specific ZFY gene deoxyribonucleic acid sequences (Kao et al). 1992;166:1013-9

#### **Blood circulation**

Doppler ultrasonographic features of the developing placental circulation: correlation with anatomic findings (Jauniaux et al). 1992;166:585-7

#### **Blood flow velocity**

Inferior vena cava flow velocity waveforms in appropriate- and small-for-gestational-age fetuses (Rizzo et al). 1992;166:1271-80

Intracerebral, aortic, and umbilical artery flow velocity waveforms in the late-first-trimester fetus (Wladimiroff et al). 1992;166:46-9

Middle cerebral artery flow velocity waveforms in normal and small-for-gestational-age fetuses (Mari and Deter). 1992;166:1262-70

Normal fetal Doppler inferior vena cava, transtricuspid, and umbilical artery flow velocity waveforms between 11 and 16 weeks' gestation (Wladimiroff et al). 1992;166:921-4

Umbilical artery flow velocity after vibratory acoustic stimulation (Nakamura et al) (Letter); (Gagnon et al) (Reply). 1992;166:1865-6

Uterine and umbilical flow velocity waveforms in normotensive and hypertensive subjects during the angiotensin II sensitivity test (Erkkola and Pirhonen). 1992;166:910-6

#### **Blood gas analysis**

The effect of fetal sepsis on umbilical cord gases (Meyer et al). 1992;166:612-7

Fetal biophysical and umbilical cord gases (Modanlou) (Letter); (Vintzileos et al) (Reply). 1992;166:1589

Long-term acid-base measurements in the fetal and maternal baboon (Daniel et al). 1992;166:707-12

Vaginal PO<sub>2</sub> in healthy women and in women infected with *Trichomonas vaginalis*: potential implications for metronidazole therapy (Rashad et al). 1992;166:620-4

Venous drainage of the human uterus: respiratory gas studies in normal and fetal growth-retarded pregnancies (Pardi et al). 1992;166:699-706

#### **Blood grouping and crossmatching**

Chorionic villus sampling for fetal Rh typing: clinical implications (Kickler et al). 1992;166:1407-11

#### **Blood platelet disorders**

May-Hegglin anomaly: a rare case of maternal thrombocytopenia in pregnancy (Chatwani et al). 1992;166:143-4

#### **Blood platelets**

The blood pressure response to infusions of angiotensin II during normal pregnancy: relation to plasma angiotensin II concentration, serum progesterone level, and mean platelet volume (Ito et al). 1992;166:1249-53

Changes in human platelet angiotensin II binding sites as-

sociated with early pregnancy (Baker et al). 1992;166:255-6

#### **Blood pressure**

Arterial pressure response to maximal isometric exercise in pregnant women (Lotgering et al). 1992;166:538-42

The blood pressure response to infusions of angiotensin II during normal pregnancy: relation to plasma angiotensin II concentration, serum progesterone level, and mean platelet volume (Ito et al). 1992;166:1249-53

Describing and interpreting 24-hour blood pressure patterns in physiologic pregnancy (Cugini et al). 1992;166:54-60

The Diabetes in Early Pregnancy Study: changes in cholesterol, triglycerides, body weight, and blood pressure (Peterson et al). 1992;166:513-8

Maternal and fetal cardiovascular responses to strenuous bicycle exercise (van Doorn et al). 1992;166:854-9

More on early detection of preeclampsia (Ales) (Letter); (Sibai) (Reply). 1992;166:1306-8

N $\omega$ -Nitro-L-arginine, and inhibitor of nitric oxide synthesis, increases blood pressure in rats and reverses the pregnancy-induced refractoriness to vasopressor agents (Molnár and Hertelendy). 1992;166:1560-7

#### **Blood transfusion, intrauterine**

Acute posttraumatic fetal anemia treated with fetal intravascular transfusion (Del Valle et al). 1992;166:127-9

Alloimmune thrombocytopenia may be associated with systemic disease (Kay et al). 1992;166:110-1

Severe anti-C hemolytic disease of the newborn (Bowman et al). 1992;166:1239-43

#### **Blood vessels**

Platelet activation and vascular damage in gestational hypertension (Ballegeer et al). 1992;166:629-33

Prostaglandin- or endothelium-mediated vasodilation is not involved in the blunted responses of blood vessels to vasoconstrictors in pregnant rats (St-Louis and Sicotte). 1992;166:684-92

#### **Body fluids**

Human vaginal leukocytes and the effects of vaginal fluid on lymphocyte and macrophage defense functions (Hill and Anderson). 1992;166:720-6

Transvaginal ultrasonographic quantitative assessment of accumulated cul-de-sac fluid (Rosen et al). 1992;166:542-4

#### **Body weight**

The Diabetes in Early Pregnancy Study: changes in cholesterol, triglycerides, body weight, and blood pressure (Peterson et al). 1992;166:513-8

#### **Bone density**

The effect of sex steroids on the skeleton in premenopausal women (Lindsay). 1992;166:1993-6

Low-dosage micronized 17 $\beta$ -estradiol prevents bone loss in postmenopausal women (Ettinger et al). 1992;166:479-88

#### **Books**

Books received. 1992;166:1026-7

#### **Brachial plexus**

Brachial plexus palsy: an old problem revisited (Jennett et al). 1992;166:1673-7

#### **Brain, blood supply**

Changes in human fetal cerebral hemoglobin concentration and oxygenation during labor measured by near-infrared spectroscopy (Peebles et al). 1992;166:1369-73

#### **Breast neoplasms**

The benefits and risks of hormone replacement therapy: an epidemiologic overview (Harlap). 1992;166:1986-92

**Breast neoplasms—cont'd**

Functional analysis of a mutant estrogen receptor isolated from T47Dco breast cancer cells (Leslie et al). 1992;166:1053-61

Maternal and fetal outcome after breast cancer in pregnancy (Zemlickis et al). 1992;166:781-7

The safety of oral contraceptives: epidemiologic insights from the first 30 years (Grimes). 1992;166:1950-4

**Breech presentation**

Breech extraction of low-birth-weight second twins: Can cesarean section be justified? (Davison et al). 1992;166:497-502

The frequency of breech presentation by gestational age at birth: a large population-based study (Hickok et al). 1992;166:851-2

**British empire; see Great Britain****8-Bromo-cyclic adenosine monophosphate; see Adenosine cyclic monophosphate****Bulky-barrel carcinoma; see Carcinoma****Burns**

Comparison of thermal injury zones in loop electrical and laser cervical excisional conization (Baggish et al). 1992;166:545-8

**Buserelin acetate**

Buserelin acetate versus expectant management in the treatment of infertility associated with minimal or mild endometriosis: a randomized clinical trial (Fedele et al). 1992;166:1345-50

**C****C-fos; see Proto-oncogenes****CA-125; see Antigens, tumor-associated, carbohydrate****Calcium**

Low-dosage micronized 17 $\beta$ -estradiol prevents bone loss in postmenopausal women (Ettinger et al). 1992;166:479-88

**Calcium metabolism disorders**

Abnormal 1,25-dihydroxyvitamin D metabolism in pre-eclampsia (August et al). 1992;166:1295-9

**Cancer; see Neoplasms****Candida**

Cellular immunity of patients with recurrent or refractory vulvovaginal moniliasis (Fong et al). 1992;166:887-90

**Carbohydrates, metabolism**

The effect of continuous subdermal levonorgestrel (Norplant) on carbohydrate metabolism (Konje et al). 1992;166:15-9

Effects of  $\beta$ -hydroxybutyrate infusion on hind limb metabolism in fetal sheep (Harding et al). 1992;166:671-6

**Carcinoma**

Accuracy of frozen-section diagnosis at surgery in clinical state I and II endometrial carcinoma (Shim et al). 1992;166:1335-8

Advanced epithelial ovarian carcinoma: long-term survival experience at the community hospital (Unzelman). 1992;166:1663-72

Both 17 $\beta$ -estradiol and tamoxifen induce *c-fos* messenger ribonucleic acid expression in human endometrial carcinoma grown in nude mice (Sakakibara et al). 1992;166:206-12

The cavitation ultrasonic surgical aspirator for cytoreduction in advanced ovarian cancer (Rose). 1992;166:843-6

Diathermy loop excision in the management of cervical intraepithelial neoplasia: diagnosis and treatment in one procedure (Keijser et al). 1992;166:1281-7

In situ and invasive vulvar cancer incidence trends (1973 to 1987) (Sturgeon et al). 1992;166:1482-5

Immunohistochemical detection of the multi-drug-resistance marker P-glycoprotein in uterine cervical carcinomas and normal cervical tissue (Schneider et al). 1992;166:825-9

Laparoscopic radical hysterectomy with paraaortic and pelvic node dissection (Nezhat et al). 1992;166:864-5

Meta-analysis of surgery in advanced ovarian carcinoma: Is maximum cytoreductive surgery an independent determinant of prognosis? (Hunter et al). 1992;166:504-11

Ovarian carcinoma of low malignant potential, infertility, and induction of ovulation: Is there a link? (Goldberg and Runowicz). 1992;166:853-4

Ovarian metastases in stage IB carcinoma of the cervix: a Gynecologic Oncology Group study (Sutton et al). 1992;166:50-3

Patterns of failure of bulky-barrel carcinomas of the cervix (Coleman et al). 1992;166:916-20

Radical hysterectomy in the elderly patient: analysis of morbidity (Fuchtnner et al). 1992;166:593-7

Upper vaginectomy for in situ and occult, superficially invasive carcinoma of the vagina (Hoffman et al). 1992;166:30-3

**Carcinoma, squamous cell**

Comparison of adenocarcinoma and squamous cell carcinoma of the uterine cervix: a population-based epidemiologic study (Anton-Culver et al). 1992;166:1507-14

A comprehensive program for cervical cancer detection and management (Benedet et al). 1992;166:1254-9

In situ and invasive vulvar cancer incidence trends (1973 to 1987) (Sturgeon et al). 1992;166:1482-5

**Cardiac output**

Effects of chronic maternal anemia on systemic and uteroplacental oxygenation in near-term pregnant sheep (Delpapa et al). 1992;166:1007-12

**Cardiotonic agents**

The maternal and fetal effects of milrinone and dopamine in normotensive pregnant ewes (Santos et al). 1992;166:257-62

**Cardiovascular disease; see Heart diseases****Cardiovascular diseases**

The benefits and risks of hormone replacement therapy: an epidemiologic overview (Harlap). 1992;166:1986-92

Clinical and metabolic considerations of long-term oral contraceptive use (Godsland et al). 1992;166:1955-63

Norgestimate: a clinical overview of a new progestin (Bringer). 1992;166:1969-77

**Catecholamines**

Catecholamines modulate epidermal growth factor-induced prostaglandin  $E_2$  production in amnion-like (WISH) cells by means of a cyclic adenosine monophosphate-dependent pathway (Su et al). 1992;166:236-41

Change in electrocardiogram T-wave amplitude during umbilical cord compression is predictive of fetal condition in sheep (Watanabe et al). 1992;166:246-55

Elevated plasma Met-enkephalin levels in the human newborn are a poor indicator of perinatal stress (Martinez et al). 1992;166:1429-35

**Cavitational ultrasonic surgical aspirator; see Surgery, operative****Cell separation**

Magnetic cell sorting and the transferrin receptor as potential means of prenatal diagnosis from maternal blood (Gänshirt-Ahlert et al). 1992;166:1350-5

**Cellular immunity; see Immunity, cellular**

**Cellulose, oxidized**

Comparison of the peritoneal cells elicited by oxidized regenerated cellulose (Interceed) and expanded polytetrafluoroethylene (Gore-Tex Surgical Membrane) in a murine model (Haney and Doty). 1992;166:1137-49

**Central Association of Obstetricians and Gynecologists**

Transactions of the fifty-ninth annual meeting of the Central Association of Obstetricians and Gynecologists. 1992;166:1712-62

**Cerebral arteries**

Intracerebral, aortic, and umbilical artery flow velocity waveforms in the late-first-trimester fetus (Wladimiroff et al). 1992;166:46-9

Middle cerebral artery flow velocity waveforms in normal and small-for-gestational-age fetuses (Mari and Deter). 1992;166:1262-70

**Cerebral hemoglobin; see Hemoglobins**

**Cervical ripening; see Labor stage, first**

**Cervix**

Cervical cytology: a randomized comparison of four sampling methods (McCord et al). 1992;166:1772-9

Comparison of thermal injury zones in loop electrical and laser cervical excisional conization (Baggish et al). 1992;166:545-8

Origin of cervical collagenase during parturition (Osmers et al). 1992;166:1455-60

**Cervix diseases**

Cervical stenosis in pregnancy: a complication of cryotherapy in diethylstilbestrol-exposed women (Kalstone). 1992;166:502-3

**Cervix dysplasia**

Oral folic acid supplementation for cervical dysplasia: a clinical intervention trial (Butterworth et al). 1992;166:803-9

**Cervix incompetence**

Diagnosis of cervical change in pregnancy by means of transvaginal ultrasonography (Joffe et al). 1992;166:896-900

**Cervix neoplasms**

Comparison of adenocarcinoma and squamous cell carcinoma of the uterine cervix: a population-based epidemiologic study (Anton-Culver et al). 1992;166:1507-14

A comprehensive program for cervical cancer detection and management (Benedet et al). 1992;166:1254-9

Diathermy loop excision in the management of cervical intraepithelial neoplasia: diagnosis and treatment in one procedure (Keijser et al). 1992;166:1281-7

Epidermal growth factor receptor expression in cervical intraepithelial neoplasia (Mittal). 1992;166:1593 (Letter)

Immunohistochemical detection of the multi-drug-resistance marker P-glycoprotein in uterine cervical carcinomas and normal cervical tissue (Schneider et al). 1992;166:825-9

Laparoscopic radical hysterectomy with paraaortic and pelvic node dissection (Nezhat et al). 1992;166:864-5

Ovarian metastases in stage IB carcinoma of the cervix: a Gynecologic Oncology Group study (Sutton et al). 1992;166:50-3

Patterns of failure of bulky-barrel carcinomas of the cervix (Coleman et al). 1992;166:916-20

Radical hysterectomy for treatment of cervical cancer: a prospective study of two methods of closed-suction drainage (Barton et al). 1992;166:533-7

Radical hysterectomy in the elderly patient: analysis of morbidity (Fuchtnier et al). 1992;166:593-7

The utility of immunocytochemistry in invasive adenocarcinoma of the cervix (Tamimi et al). 1992;166:1655-62

**Cesarean section**

Acute childbirth morbidity: its measurement using hospital charges (Hage et al). 1992;166:1853-62

Benefits of cesarean section stapling device understated? (Martens). 1992;166:266-7 (Letter)

Breech extraction of low-birth-weight second twins: Can cesarean section be justified? (Davison et al). 1992;166:497-502

The effect of cesarean section on intraventricular hemorrhage in the preterm infant (Anderson et al). 1992;166:1091-101

First successful cesarean section in the British empire (Miller). 1992;166:269 (Letter)

The Green Bay cesarean section study. II. The physician factor as a determinant of cesarean birth rates for failed labor (DeMott and Sandmire). 1992;166:1799-810

The uterine stapling device for cesarean section: a positive view (Pelosi and Pelosi) (Letter); (Villeneuve et al) (Reply). 1992;166:267-8

The Zavanelli maneuver applied to locked twins (Swartjes et al). 1992;166:532

**Chemotherapy; see Drug therapy**

**Child**

Acute genital injury in the prepubertal girl (Pokorny et al). 1992;166:1461-6

**Child abuse, sexual**

Acute genital injury in the prepubertal girl (Pokorny et al). 1992;166:1461-6

**Childbirth; see Labor**

**Cholesterol**

Comparison of transdermal and oral estrogen/progestin replacement therapy: effects on serum lipids and lipoproteins (Crook et al). 1992;166:950-5

The Diabetes in Early Pregnancy Study: changes in cholesterol, triglycerides, body weight, and blood pressure (Peterson et al). 1992;166:513-8

Prolonged effects of a novel, low-dosage continuous progestin-cyclic estrogen replacement program in postmenopausal women (Plunkett and Wolfe). 1992;166:117-21

**Chorioamnionitis**

Endothelin-1 and endothelin-2 levels are increased in the amniotic fluid of women with preterm labor and microbial invasion of the amniotic cavity (Romero et al). 1992;166:95-9

Eradication of *Ureaplasma urealyticum* from the amniotic fluid with transplacental antibiotic treatment (Romero et al). 1992;166:618-20

Infection and labor. VII. Microbial invasion of the amniotic cavity in spontaneous rupture of membranes at term (Romero et al). 1992;166:129-33

The relationship between acute inflammatory lesions of the preterm placenta and amniotic fluid microbiology (Romero et al). 1992;166:1382-8

A review of premature birth and subclinical infection (Gibbs et al). 1992;166:1515-28 (Curr. dev.)

**Chorioangioma; see Hemangioma**

**Chorionic villi sampling**

Chorionic villus sampling for fetal Rh typing: clinical implications (Kickler et al). 1992;166:1407-11

Transabdominal chorionic villus sampling: a modified free-hand ultrasonographically guided technique (Hill and Laifer). 1992;166:512

**Choroid plexus**

Bilateral choroid plexus cysts in trisomy 21 (Rotmensch et al). 1992;166:591-2

**Chromosome abnormalities**

Bilateral choroid plexus cysts in trisomy 21 (Rotmensch et al). 1992;166:591-2  
Prenatal diagnosis of autosomal recessive polycystic kidney disease: variable outcome within one family (Barth et al). 1992;166:560-7

**Clinical opinion**

Clinical opinion. 1992;166:1-3, 775-80

**Clomiphene**

Steroids receptors in the endometrium during clomiphene citrate treatment (Shabib and Pitrof) (Letter); (Fritz) (Reply). 1992;166:1866-7

**Collagen**

The function of elevated plasma fibronectin in preeclampsia (Brubaker et al). 1992;166:526-31

**Collagenase**

Origin of cervical collagenase during parturition (Osmers et al). 1992;166:1455-60

**College of American Pathologists**

Examination of placenta by pathologists (Altshuler). 1992;166:1312 (Letter)

**Colorimetry**

Prediction of respiratory distress syndrome by a new colorimetric assay (Almog et al). 1992;166:1827-34

**Colposcopy**

Colposcopy to establish physical findings in rape victims (Slaughter and Brown). 1992;166:83-6  
A comprehensive program for cervical cancer detection and management (Benedet et al). 1992;166:1254-9

**Compliance; see Patient compliance****Computer simulation**

The accuracy of auscultatory detection of fetal cardiac decelerations: a computer simulation (Schiffrin et al). 1992;166:566-76

**Conception; see Fertilization****Congenital malformations; see Abnormalities****Congenital myotonic dystrophy; see Myotonia atrophica****Contraceptives**

Contraceptive prevalence, reproductive health, and international morality (Diczfalusy). 1992;166:1037-43  
The effect of continuous subdermal levonorgestrel (Norplant) on carbohydrate metabolism (Konje et al). 1992;166:15-9  
Rates and outcomes of planned pregnancy after use of Norplant capsules, Norplant II rods, or levonorgestrel-releasing or copper TCu 380Ag intrauterine contraceptive devices (Sivin et al). 1992;166:1208-13

**Contraceptives, oral**

Clinical and metabolic considerations of long-term oral contraceptive use (Godsland et al). 1992;166:1955-63  
Contraceptive compliance with a levonorgestrel triphasic and a norethindrone monophasic oral contraceptive in adolescent patients (Woods et al). 1992;166:901-7  
Dysmenorrhea and use of oral contraceptives in adolescent women attending a family planning clinic (Robinson et al). 1992;166:578-83  
The efficacy and tolerability of norgestimate/ethinyl estradiol (250 µg of norgestimate/35 µg of ethinyl estradiol): results of an open, multicenter study of 59,701 women (Runnebaum et al). 1992;166:1963-8  
Norgestimate: a clinical overview of a new progestin (Bringer). 1992;166:1969-77

Oral contraceptive type and functional ovarian cysts (Lanes et al). 1992;166:956-61

The safety of oral contraceptives: epidemiologic insights from the first 30 years (Grimes). 1992;166:1950-4

Steroids from menarche to menopause: introduction (Mishell). 1992;166:1949

**Copper intrauterine devices; see Intrauterine devices, copper****Cord blood; see Fetal blood****Cordocentesis; see Fetal blood****Corpus luteum**

The effect of benzo(a)pyrene on murine ovarian and corpora lutea volumes (Miller et al). 1992;166:1535-41

**Corrections**

Fetal maternal laryngeal papillomatosis in pregnancy: a case report (Helmrich et al) (1992;166:524-5). 1992;166:1313  
Increased progesterone concentrations are necessary to suppress interleukin-2-activated human mononuclear cell cytotoxicity (Feinberg et al) (1991;165:1872-6). 1992;166:1313  
Relationship between biophysical activities and umbilical cord blood gas values (Vintzileos et al) (1991;165:707-13). 1992;166:1313

Cervical stenosis in pregnancy: a complication of cryotherapy in diethylstilbestrol-exposed women (Kalstone). 1992;166:502-3

**Current development**

Current development. 1992;166:171-83, 1515-28

**Cystadenoma**

Giant ovarian cyst: case report (Zamora-Garza et al). 1992;166:1247-8

**Cystitis**

Eosinophilic cystitis during pregnancy (Chamberlin). 1992;166:28-9

**Cystourethropy**

Modified retropubic cystourethropy II (Goodno and Powers). 1992;166:1678-82

**Cysts**

Bilateral choroid plexus cysts in trisomy 21 (Rotmensch et al). 1992;166:591-2

**Cytochrome P-450**

Rapid identification of deoxyribonucleic acid sequence differences in cytochrome P-450 21-hydroxylase (CYP21) genes with denaturing gradient gel blots (Reindollar et al). 1992;166:184-91

**Cytology**

A comprehensive program for cervical cancer detection and management (Benedet et al). 1992;166:1254-9

**Cytomegaloviruses**

Prenatal diagnosis of fetal cytomegalovirus infection (Lamy et al). 1992;166:91-4  
What is the prognosis for congenital cytomegalovirus infection? (Binder). 1992;166:1591 (Letter)

**Cytoreduction; see Surgery, operative**

## D

**D antigen; see Antigens**

### Debridement

Necrotizing fasciitis of the vulva (Stephenson et al). 1992;166:1324-7

### Decidua

Influence of labor and oxytocin on in vitro leukotriene release by human fetal membranes and uterine decidua at term gestation (Pasetto et al). 1992;166:1500-6

### Dehydroepiandrosterone

Postmenopausal steroid replacement with micronized dehydroepiandrosterone: preliminary oral bioavailability and dose proportionality studies (Buster et al). 1992;166:1163-70

### Delivery

Actocardiographic monitoring of triplets during vaginal delivery (van Eyck and Arabin). 1992;166:1293-4

Brachial plexus palsy: an old problem revisited (Jennett et al). 1992;166:1673-7

Vaginal birth after cesarean delivery: Are there useful and valid predictors of success or failure? (Pickhardt et al). 1992;166:1811-9

The Zavanelli maneuver applied to locked twins (Swartjes et al). 1992;166:532

**Denaturing gradient gel electrophoresis; see Electrophoresis**

**Deoxyribonucleic acid; see DNA**

**Department chairmen; see Medical staff**

### Depression

Depressive symptoms in women in the 6 months after miscarriage (Neugebauer et al). 1992;166:104-9

### Dextrans

Documentation of high-molecular-weight dextran (Hyskon) solution entering the serum during hysteroscopy (Mangar). 1992;166:771 (Letter)

### Diabetes mellitus

Fetal polycythemia and thrombocytopenia in pregnancies complicated by maternal diabetes mellitus (Salvesen et al). 1992;166:1287-92

Necrotizing fasciitis of the vulva (Stephenson et al). 1992;166:1324-7

### Diabetes mellitus, insulin-dependent

Impairment of counterregulatory hormone responses to hypoglycemia in pregnant women with insulin-dependent diabetes mellitus (Diamond et al). 1992;166:70-7

Infertility and pregnancy outcome in an unselected group of women with insulin-dependent diabetes mellitus (Kjaer et al). 1992;166:1412-8

Progression of diabetic retinopathy in pregnancy: association with hypertension in pregnancy (Rosenn et al). 1992;166:1214-8

### Diabetic retinopathy

Progression of diabetic retinopathy in pregnancy: association with hypertension in pregnancy (Rosenn et al). 1992;166:1214-8

### Diagnosis

Examination of placentas by pathologists (Altschuler). 1992;166:1312 (Letter)

**Diaphragmatic hernia; see Hernia, diaphragmatic**

**Diathermy loop excision; see Electrocoagulation**

### Diet therapy

Maternal phenylketonuria collaborative study, obstetric aspects and outcome: the first 6 years (Platt et al). 1992;166:1150-62

### Diethylstilbestrol

Cervical stenosis in pregnancy: a complication of cryotherapy in diethylstilbestrol-exposed women (Kalstone). 1992;166:502-3

### Digoxin

Treatment of fetal supraventricular tachycardia with flecainide acetate after digoxin failure (Mills) (Letter); (Kofinas) (Reply). 1992;166:1863

### Dihydroxycholecalciferols

Abnormal 1,25-dihydroxyvitamin D metabolism in pre-eclampsia (August et al). 1992;166:1295-9

**Dihydroxyvitamin D; see Dihydroxycholecalciferols**

### Dilatation

Origin of cervical collagenase during parturition (Osmers et al). 1992;166:1455-60

### Dinoprostone

Catecholamines modulate epidermal growth factor-induced prostaglandin E<sub>2</sub> production in amnion-like (WISH) cells by means of a cyclic adenosine monophosphate-dependent pathway (Su et al). 1992;166:236-41

Effects of platelet-activating factor on prostaglandin E<sub>2</sub> production by intact fetal membranes (Morris et al). 1992;166:1228-31

Influence of terbutaline on ovine uterine response to prostaglandin E<sub>2</sub> challenge (Reid et al). 1992;166:231-5

Prostaglandin E<sub>2</sub> for induction of labor in patients with premature rupture of membranes at term (Ray and Garite). 1992;166:836-43

A randomized trial of prostaglandin E<sub>2</sub> in a controlled-release vaginal pessary for cervical ripening at term (Witter et al). 1992;166:830-4

### DNA

Analysis of peripheral blood of pregnant women for the presence of fetal Y chromosome-specific ZFY gene deoxyribonucleic acid sequences (Kao et al). 1992;166:1013-9

Rapid identification of deoxyribonucleic acid sequence differences in cytochrome P-450 21-hydroxylase (CYP21) genes with denaturing gradient gel blots (Reindollar et al). 1992;166:184-91

### DNA fingerprinting

Triplet pregnancy involving complete hydatidiform mole and two fetuses: genetic analysis by deoxyribonucleic acid fingerprint (Azuma et al). 1992;166:664-7

### DNA mutational analysis

Deoxyribonucleic acid analysis by flow cytometry of uterine leiomyosarcomas and smooth muscle tumors of uncertain malignant potential (Peters et al). 1992;166:1646-54

Functional analysis of a mutant estrogen receptor isolated from T47Dco breast cancer cells (Leslie et al). 1992;166:1053-61

**Donor insemination; see Insemination, artificial**

### Dopamine

The maternal and fetal effects of milrinone and dopamine in normotensive pregnant ewes (Santos et al). 1992;166:257-62

**Doppler ultrasonography; see Ultrasonography**

**Doppler velocimeters; see Flowmeters**

### Dose-response relationship, drug

Factors affecting the dose response to oxytocin for labor stimulation (Satin et al). 1992;166:1260-1

Postmenopausal steroid replacement with micronized dehydroepiandrosterone: preliminary oral bioavailability and dose proportionality studies (Buster et al). 1992;166:1163-70

**Down syndrome**

Fetal humeral length to detect Down syndrome (Rotmensch et al). 1992;166:1330-4

Ultrasonographic dating of pregnancy causes significant errors in Down syndrome risk assessment that may be minimized by use of biparietal diameter-based means (Reynolds et al). 1992;166:872-7

Ultrasonographic screening for trisomy 21 (Bernstein) (Letter); (Lockwood et al) (Reply). 1992;166:1591

**Drainage, suction**

Radical hysterectomy for treatment of cervical cancer: a prospective study of two methods of closed-suction drainage (Barton et al). 1992;166:533-7

**Drug abuse; see Substance abuse****Drug screening**

Routine urine drug screening at the first prenatal visit (Colmorgen et al). 1992;166:588-90

**Drug therapy**

Advanced epithelial ovarian carcinoma: long-term survival experience at the community hospital (Unzelman). 1992;166:1663-72

Maternal and fetal outcome after breast cancer in pregnancy (Zemlickis et al). 1992;166:781-7

Meta-analysis of surgery in advanced ovarian carcinoma: Is maximum cytoreductive surgery an independent determinant of prognosis? (Hunter et al). 1992;166:504-11

**Dysmenorrhea**

Dysmenorrhea and use of oral contraceptives in adolescent women attending a family planning clinic (Robinson et al). 1992;166:578-83

**Dystocia**

Brachial plexus palsy: an old problem revisited (Jennett et al). 1992;166:1673-7

Does oxytocin augmentation increase perinatal risk in primigravid labor? (Cahill et al). 1992;166:847-50

**E****Early menopause; see Menopause, premature****Early pregnancy; see Pregnancy trimester, first****Echocardiography**

Fetal echocardiography: accuracy and limitations in a population at high and low risk for heart defects (Bromley et al). 1992;166:1473-81

**Eclampsia**

Anticonvulsant effects of magnesium sulfate on hippocampal seizures: therapeutic implications in preeclampsia-eclampsia (Cotton et al). 1992;166:1127-36

Eclampsia. VII. Pregnancy outcome after eclampsia and long-term prognosis (Sibai et al). 1992;166:1757-63

Magnesium sulfate is an unfit anticonvulsant in eclampsia (Luan) (Letter); (Sibai) (Reply). 1992;166:1588

Main clinical types and subtypes of eclampsia (López-Llera). 1992;166:4-9

**Ectopic pregnancy; see Pregnancy, ectopic****Editorial**

Summary of analysis of published articles. 1992;166:773-4

**Education**

Resident attrition in obstetrics and gynecology (Seltzer et al). 1992;166:1315-7

Training obstetric and family practice residents to give smoking cessation advice during prenatal care (Secker-Walker et al). 1992;166:1356-63

**Efficiency**

Receiver-operator characteristic, efficiency analysis, and predictive value of serum progesterone concentration as

a test for abnormal gestations (Cowan et al). 1992;166:1729-37

**Eicosanoic acids**

The mechanisms of preterm labor: common genital tract pathogens do not metabolize arachidonic acid to prostaglandins or to other eicosanoids (Bennett and Elder). 1992;166:1541-5

**Eicosanoids**

The mechanisms of preterm labor: common genital tract pathogens do not metabolize arachidonic acid to prostaglandins or to other eicosanoids (Bennett and Elder). 1992;166:1541-5

**Electrocardiography**

Change in electrocardiogram T-wave amplitude during umbilical cord compression is predictive of fetal condition in sheep (Watanabe et al). 1992;166:246-55

Maternal and fetal cardiovascular responses to strenuous bicycle exercise (van Doorn et al). 1992;166:854-9

**Electrocoagulation**

Diathermy loop excision in the management of cervical intraepithelial neoplasia: diagnosis and treatment in one procedure (Keijser et al). 1992;166:1281-7

**Electrophoresis**

Rapid identification of deoxyribonucleic acid sequence differences in cytochrome P-450 21-hydroxylase (CYP21) genes with denaturing gradient gel blots (Reindollar et al). 1992;166:184-91

**Electrosurgery**

Comparison of thermal injury zones in loop electrical and laser cervical excisional conization (Baggish et al). 1992;166:545-8

**Embolization, therapeutic**

Angiographic embolization in the management of hemorrhagic complications of pregnancy (Gilbert et al). 1992;166:493-7

**Embryo**

Evidence of embryo- and trophoblast-toxic cellular immune response(s) in women with recurrent spontaneous abortion (Hill et al). 1992;166:1044-52

**Embryo development; see Fetal development****Embryo transfer**

Pelvic abscess complicating transcervical embryo transfer (Sauer and Paulson). 1992;166:148-9

Selection bias in in vitro fertilization programs (Hershlag et al). 1992;166:1-3 (Clin. opinion)

**Embryoscopy**

Embryoscopy: a closer look at first-trimester diagnosis and treatment (Reece et al). 1992;166:775-80 (Clin. opinion)

**Emergency service, hospital**

Emergency room use of transvaginal ultrasonography by obstetrics and gynecology residents (Timor-Tritsch et al). 1992;166:866-72

**Endometrial neoplasms; see Uterine neoplasms****Endometriosis**

Buserelin acetate versus expectant management in the treatment of infertility associated with minimal or mild endometriosis: a randomized clinical trial (Fedele et al). 1992;166:1345-50

The effect of preovulatory peritoneal fluid from cases of endometriosis on murine in vitro fertilization, embryo development, oviduct transport, and implantation (Dodds et al). 1992;166:219-24

Gonadotropin-releasing hormone agonists: strategies for managing the hypoestrogenic effects of therapy (Judd). 1992;166:752-6

Gonadotropin-releasing hormone analogs: update on new findings (Henzl). 1992;166:757-61

Hormone treatment of endometriosis: the estrogen threshold hypothesis (Barbieri). 1992;166:740-5

Hysteroscopic myometrial biopsy: its use in diagnosing adenomyosis and its clinical application (McCausland). 1992;166:1619-28

Infertility and endometriosis: comparison of pregnancy outcomes with laparotomy versus laparoscopic techniques (Gant). 1992;166:1072-81

Nafarelin in the management of endometriosis: quality of life assessment (Burry). 1992;166:735-9

Substance P in peritoneal fluid (Sanfilippo et al). 1992;166:155-9

#### **Endometrium**

Prevalence of out-of-phase endometrial biopsy specimens (Peters et al). 1992;166:1738-46

Steroid receptors in the endometrium during clomiphene citrate treatment (Shabib and Pittrof) (Letter); (Fritz) (Reply). 1992;166:1866-7

Ultrastructure of the microvasculature in the human endometrium throughout the normal menstrual cycle (Roberts et al). 1992;166:1393-406

#### **Endothelins**

Attenuation of the vasoconstrictor effects of thromboxane and endothelin by nitric oxide in the human fetal-placental circulation (Myatt et al). 1992;166:224-30

Endothelin-1 and endothelin-2 levels are increased in the amniotic fluid of women with preterm labor and microbial invasion of the amniotic cavity (Romero et al). 1992;166:95-9

Immunoreactive circulating endothelin-1 in normal and hypertensive pregnancies (Schiff et al). 1992;166:624-8

Plasma endothelin levels in preeclampsia: elevation and correlation with uric acid levels and renal impairment (Clark et al). 1992;166:962-8

#### **Endothelium**

Preeclampsia, von Willebrand factor antigen, and endothelial cells (Blann) (Letter); (Taylor et al) (Reply). 1992;166:769-70

Prostaglandin- or endothelium-mediated vasodilation is not involved in the blunted responses of blood vessels to vasoconstrictors in pregnant rats (St-Louis and Sciotte). 1992;166:684-92

Ultrastructure of the microvasculature in the human endometrium throughout the normal menstrual cycle (Roberts et al). 1992;166:1393-406

#### **Endothelium-derived relaxing factor**

Effect of endothelium-derived relaxing factor inhibition on the umbilical-placental circulation in fetal lambs in utero (Chang et al). 1992;166:727-34

Endothelium-derived relaxing factor and indomethacin-sensitive contracting factor alter arterial contractile responses to thromboxane during pregnancy (Weiner et al). 1992;166:1171-81

#### **Enkephalins**

Elevated plasma Met-enkephalin levels in the human newborn are a poor indicator of perinatal stress (Martinez et al). 1992;166:1429-35

#### **Enzymes**

Human ovarian 17-ketosteroid oxidoreductase: unique characteristics of the granulosa-luteal cell and stromal enzyme (Barbieri). 1992;166:1117-26

#### **Eosinophils**

Eosinophilic cystitis during pregnancy (Chamberlin). 1992;166:28-9

#### **Epidermal growth factor-urogastrone**

Catecholamines modulate epidermal growth factor-induced prostaglandin  $E_2$  production in amnion-like (WISH) cells by means of a cyclic adenosine monophosphate-dependent pathway (Su et al). 1992;166:236-41

Partial hydatidiform moles have impaired differentiated function (human chorionic gonadotropin and human placental lactogen secretion) in response to epidermal growth factor and 8-bromo-cyclic adenosine monophosphate (Morrish et al). 1992;166:160-6

Transforming growth factor- $\alpha$  and epidermal growth factor messenger ribonucleic acid and protein levels in human placentas from early, mid, and late gestation (Bissonnette et al). 1992;166:192-9

#### **Epithelium**

Regulation of growth of normal ovarian epithelial cells and ovarian cancer cell lines by transforming growth factor- $\beta$  (Berchuck et al). 1992;166:676-84

#### **Epoprostenol**

Norgestimate: a clinical overview of a new progestin (Bringer). 1992;166:1969-77

Urinary excretion of prostacyclin and thromboxane metabolites in threatened preterm labor: effect of indomethacin and nylidrin (Kurki et al). 1992;166:150-4

#### **Erythroblastosis, fetal**

Chorionic villus sampling for fetal Rh typing: clinical implications (Kickler et al). 1992;166:1407-11

Derivation of new mathematic formulas for determining whether a D-positive father is heterozygous or homozygous for the D antigen (Kanter). 1992;166:61-3

Hemolytic disease of the fetus (Spinnato) (Letter); (Weiner) (Reply). 1992;166:1589-90

Human fetal bilirubin levels and fetal hemolytic disease (Weiner). 1992;166:1449-54

Severe anti-C hemolytic disease of the newborn (Bowman et al). 1992;166:1239-43

#### **Erythromycin**

Erythromycin, motilin, and meconium (Danielian) (Letter); (Nugent) (Reply). 1992;166:767-8

Erythromycin therapy in preterm premature rupture of the membranes: a prospective, randomized trial of 220 patients (Mercer et al). 1992;166:794-802

*Ureaplasma urealyticum* resistance to erythromycin: confirmed by clinical trial (Kundsinn et al) (Letter); (Eschenbach et al) (Reply). 1992;166:1864-5

#### **Estradiol**

Both 17 $\beta$ -estradiol and tamoxifen induce *c-fos* messenger ribonucleic acid expression in human endometrial carcinoma grown in nude mice (Sakakibara et al). 1992;166:206-12

Hormone treatment of endometriosis: the estrogen threshold hypothesis (Barbieri). 1992;166:740-5

In the rhesus monkey placental retention after fetectomy at 121 to 130 days' gestation outlasts the normal duration of pregnancy (Nathanielsz et al). 1992;166:1529-35

Low-dosage micronized 17 $\beta$ -estradiol prevents bone loss in postmenopausal women (Ettinger et al). 1992;166:479-88

Use of two types of estradiol-releasing skin patches for menopausal patients in a tropical climate (McCarthy et al). 1992;166:2005-10

#### **Estriol**

Maternal serum  $\alpha$ -fetoprotein,  $\beta$ -human chorionic gonad-

**Estriol—cont'd**

otrope, and unconjugated estriol levels in midtrimester trisomy 18 pregnancies (Greenberg et al). 1992;166:1388-92

Ultrasonographic dating of pregnancy causes significant errors in Down syndrome risk assessment that may be minimized by use of biparietal diameter-based means (Reynolds et al). 1992;166:872-7

**Estrogen receptors; see Receptors, estrogen****Estrogen replacement therapy**

The benefits and risks of hormone replacement therapy: an epidemiologic overview (Harlap). 1992;166:1986-92

Comparison of transdermal and oral estrogen/progestin replacement therapy: effects on serum lipids and lipoproteins (Crook et al). 1992;166:950-5

The effect of sex steroids on the skeleton in premenopausal women (Lindsay). 1992;166:1993-6

Introduction to steroids in the menopause (Samsioe). 1992;166:1980-5

Postmenopausal steroid replacement with micronized dehydroepiandrosterone: preliminary oral bioavailability and dose proportionality studies (Buster et al). 1992;166:1163-70

Prolonged effects of a novel, low-dosage continuous progestin-cyclic estrogen replacement program in postmenopausal women (Plunkett and Wolfe). 1992;166:117-21

The role of progestins in hormone replacement therapy (Lobo). 1992;166:1997-2004

Steroids from menarche to menopause: introduction (Mishell). 1992;166:1949

Use of two types of estradiol-releasing skin patches for menopausal patients in a tropical climate (McCarthy et al). 1992;166:2005-10

**Estrogens**

Hormone treatment of endometriosis: the estrogen threshold hypothesis (Barbieri). 1992;166:740-5

Lp(a) lipoprotein: relationship to cardiovascular disease risk factors, exercise, and estrogen (Lobo et al). 1992;166:1182-90

A reevaluation of estrogen status in postmenopausal women who smoke (Cassidenti et al). 1992;166:1444-8

**Ethics**

Abortion or motherhood, suicide and madness (Ryan). 1992;166:1029-36

Animals and ethics: how society's attitudes have changed (Fritzsche) (Letter); (Maharry) (Reply). 1992;166:1312-3

Contraceptive prevalence, reproductive health, and international morality (Diczfalusy). 1992;166:1037-43

Sex selection and early pregnancy fetal sex determination: ethics and personal freedom of choice (Stephens) (Letter); (Evans and Fletcher) (Reply). 1992;166:1024-5

**Ethinyl estradiol**

The efficacy and tolerability of norgestimate/ethinyl estradiol (250 µg of norgestimate/35 µg of ethinyl estradiol): results of an open, multicenter study of 59,701 women (Runnebaum et al). 1992;166:1963-8

**Ethnic factors**

Comparison of adenocarcinoma and squamous cell carcinoma of the uterine cervix: a population-based epidemiologic study (Anton-Culver et al). 1992;166:1507-14

**Exercise**

Arterial pressure response to maximal isometric exercise in pregnant women (Lotgering et al). 1992;166:538-42

Lp(a) lipoprotein: relationship to cardiovascular disease risk

factors, exercise, and estrogen (Lobo et al). 1992;166:1182-90

**Exercise test**

Maternal and fetal cardiovascular responses to strenuous bicycle exercise (van Doorn et al). 1992;166:854-9

**F****Family planning**

Rates and outcomes of planned pregnancy after use of Norplant capsules, Norplant II rods, or levonorgestrel-releasing or copper TCu 380Ag intrauterine contraceptive devices (Sivin et al). 1992;166:1208-13

**Fasciitis**

Necrotizing fasciitis of the vulva (Stephenson et al). 1992;166:1324-7

**Fatty acids, polyunsaturated**

Polyunsaturated fatty acids in preeclampsia (Sanjurjo et al) (Letter); (Wang et al) (Reply). 1992;166:1023-4

**Fertilization**

Periconceptual exposure to topical 5-fluorouracil (Otaño et al) (Letter); (Plouffe et al) (Reply). 1992;166:263-4

**Fertilization in vitro**

The effect of preovulatory peritoneal fluid from cases of endometriosis on murine in vitro fertilization, embryo development, oviduct transport, and implantation (Dodds et al). 1992;166:219-24

Selection bias in in vitro fertilization programs (Hershlag et al). 1992;166:1-3 (Clin. opinion)

**Fetal biophysical characteristics; see Biophysics****Fetal blood**

Acute posttraumatic fetal anemia treated with fetal intravascular transfusion (Del Valle et al). 1992;166:127-9

Attenuation of the vasoconstrictor effects of thromboxane and endothelin by nitric oxide in the human fetal-placental circulation (Myatt et al). 1992;166:224-30

Changes in human fetal cerebral hemoglobin concentration and oxygenation during labor measured by near-infrared spectroscopy (Peebles et al). 1992;166:1369-73

Chorionic villus sampling for fetal Rh typing: clinical implications (Kickler et al). 1992;166:1407-11

Does amniotic fluid analysis reflect acid-base balance in fetal blood? (Economides et al). 1992;166:970-3

Doppler ultrasonographic features of the developing placental circulation: correlation with anatomic findings (Jauniaux et al). 1992;166:585-7

Effect of endothelium-derived relaxing factor inhibition on the umbilical-placental circulation in fetal lambs in utero (Chang et al). 1992;166:727-34

Effects of chronic maternal anemia on systemic and uteroplacental oxygenation in near-term pregnant sheep (Delapapa et al). 1992;166:1007-12

Elevated plasma Met-enkephalin levels in the human newborn are a poor indicator of perinatal stress (Martinez et al). 1992;166:1429-35

Enhanced sensitization after cordocentesis (Weiner) (Letter); (MacGregor et al) (Reply). 1992;166:1309-10

Fetal biophysical and umbilical cord gases (Modanlou) (Letter); (Vintzileos et al) (Reply). 1992;166:1589

Fetal polycythemia and thrombocytopenia in pregnancies complicated by maternal diabetes mellitus (Salvesen et al). 1992;166:1287-92

Hemolytic disease of the fetus (Spinnato) (Letter); (Weiner) (Reply). 1992;166:1589-90

Human fetal bilirubin levels and fetal hemolytic disease (Weiner). 1992;166:1449-54

Intracerebral, aortic, and umbilical artery flow velocity waveforms in the late-first-trimester fetus (Wladimiroff et al). 1992;166:46-9

Long-term acid-base measurements in the fetal and maternal baboon (Daniel et al). 1992;166:707-12

Normal fetal Doppler inferior vena cava, transtricuspid, and umbilical artery flow velocity waveforms between 11 and 16 weeks' gestation (Wladimiroff et al). 1992;166:921-4

Percutaneous umbilical blood sampling: results from a multicenter collaborative registry (Hickok et al). 1992;166:1614-8

Role of prostaglandins in the metabolic responses of the fetus to hypoxia (Hooper et al). 1992;166:1568-75

Uterine and umbilical flow velocity waveforms in normotensive and hypertensive subjects during the angiotensin II sensitivity test (Erkkola and Pirhonen). 1992;166:910-6

#### **Fetal death**

Repeated fetal losses associated with antiphospholipid antibodies: a collaborative randomized trial comparing prednisone with low-dose heparin treatment (Cowchock et al). 1992;166:1318-23

#### **Fetal development**

Composite assessment of gestational age: a comparison of institutionally derived and published regression equations (Hill et al). 1992;166:551-5

Comprehensive fetal assessment with three ultrasonographic characteristics (James et al). 1992;166:1486-95

The effect of preovulatory peritoneal fluid from cases of endometriosis on murine in vitro fertilization, embryo development, oviduct transport, and implantation (Dodds et al). 1992;166:219-24

Effects of antenatal thyrotropin-releasing hormone, antenatal corticosteroids, and postnatal ventilation on surfactant mobilization in premature rabbits (Seidner et al). 1992;166:1551-9

Efficacy of the fetal-pelvic index in nulliparous women at high risk for fetal-pelvic disproportion (Morgan and Thurnau). 1992;166:810-4

Inhibition of preimplantation mouse embryo development by isoflurane (Warren et al). 1992;166:693-8

#### **Fetal diseases**

The effect of fetal sepsis on umbilical cord gases (Meyer et al). 1992;166:612-7

Fetal polycythemia and thrombocytopenia in pregnancies complicated by maternal diabetes mellitus (Salvesen et al). 1992;166:1287-92

Prenatal diagnosis of autosomal recessive polycystic kidney disease: variable outcome within one family (Barth et al). 1992;166:560-7

Prenatal diagnosis of fetal cytomegalovirus infection (Lamy et al). 1992;166:91-4

Prenatal ultrasonographic diagnosis of fetal scrotal inguinal hernia (Meizner et al). 1992;166:907-9

Prognosis in fetal diaphragmatic hernia (Sharland et al). 1992;166:9-13

Transient severe unilateral and subsequent bilateral primary fetal hydrothorax with spontaneous resolution at 34 weeks' gestation associated with normal neonatal outcome (Sherer et al). 1992;166:169-70

What is the prognosis for congenital cytomegalovirus infection? (Binder). 1992;166:1591 (Letter)

#### **Fetal distress**

Intrapartum amniotic fluid index and its relationship to fetal distress (Robson et al). 1992;166:78-82

The short umbilical cord (Collins). 1992;166:268-9 (Letter)

#### **Fetal growth**

The use of neural network for the ultrasonographic estimation of fetal weight in the macrosomic fetus (Farmer et al). 1992;166:1467-72

#### **Fetal growth retardation**

Inferior vena cava flow velocity waveforms in appropriate- and small-for-gestational-age fetuses (Rizzo et al). 1992;166:1271-80

Low-dose infusion of atrial natriuretic peptide in the conscious guinea pig increases blood flow to the placenta of growth-retarded fetuses (Jansson). 1992;166:213-8

Middle cerebral artery flow velocity waveforms in normal and small-for-gestational-age fetuses (Mari and Deter). 1992;166:1262-70

Numeric analysis of heart rate variation in intrauterine growth-retarded fetuses: a longitudinal study (Snijders et al). 1992;166:22-7

Risk factors for small-for-gestational-age birth in a preterm population (Lang et al). 1992;166:1374-8

Venous drainage of the human uterus: respiratory gas studies in normal and fetal growth-retarded pregnancies (Pardi et al). 1992;166:699-706

#### **Fetal heart; see also Heart rate, fetal**

The accuracy of auscultatory detection of fetal cardiac decelerations: a computer simulation (Schiffrin et al). 1992;166:566-76

Fetal echocardiography: accuracy and limitations in a population at high and low risk for heart defects (Bromley et al). 1992;166:1473-81

Prognosis in fetal diaphragmatic hernia (Sharland et al). 1992;166:9-13

#### **Fetal intravascular transfusion; see Blood transfusion, intra-uterine**

#### **Fetal macrosomia**

The use of neural network for the ultrasonographic estimation of fetal weight in the macrosomic fetus (Farmer et al). 1992;166:1467-72

#### **Fetal membranes**

Effects of platelet-activating factor on prostaglandin E<sub>2</sub> production by intact fetal membranes (Morris et al). 1992;166:1228-31

Influence of labor and oxytocin on in vitro leukotriene release by human fetal membranes and uterine decidua at term gestation (Pasetto et al). 1992;166:1500-6

#### **Fetal membranes, premature rupture**

Comment on fetal breathing movements after premature rupture of membranes (Kivikoski and Amon) (Letter); (Roberts) (Reply). 1992;166:770

Direct inhibition of proteases and cervical plasminogen activator by antibiotics (Milwidsky et al). 1992;166:606-12

Eradication of *Ureaplasma urealyticum* from the amniotic fluid with transplacental antibiotic treatment (Romero et al). 1992;166:618-20

Erythromycin therapy in preterm premature rupture of the membranes: a prospective, randomized trial of 220 patients (Mercer et al). 1992;166:794-802

Infection and labor. VII. Microbial invasion of the amniotic cavity in spontaneous rupture of membranes at term (Romero et al). 1992;166:129-33

Preterm premature rupture of membranes: results of expectant management in patients with cervical cultures

**Fetal membranes, premature rupture—cont'd**

positive for group B streptococcus or *Neisseria gonorrhoeae* (Maxwell and Watson). 1992;166:945-9

Prostaglandin E<sub>2</sub> for induction of labor in patients with premature rupture of membranes at term (Ray and Garite). 1992;166:836-43

Serial thoracic versus abdominal circumference ratios for the prediction of pulmonary hypoplasia in premature rupture of the membranes remote from term (D'Alton et al). 1992;166:658-63

**Fetal monitoring**

Actocardiographic monitoring of triplets during vaginal delivery (van Eyck and Arabin). 1992;166:1293-4

Change in electrocardiogram T-wave amplitude during umbilical cord compression is predictive of fetal condition in sheep (Watanabe et al). 1992;166:246-55

Comprehensive fetal assessment with three ultrasonographic characteristics (James et al). 1992;166:1486-95

A controlled trial of self—nonstress test versus assisted nonstress test in the evaluation of fetal well-being (Reece et al). 1992;166:489-92

Details of electronic fetal monitoring randomized control trials (Schiffrin) (Letter); (Ellison) (Reply). 1992;166:1308-9

First report: telemetry-assisted ambulatory nonstress test (Collins). 1992;166:1020-1 (Letter)

Population differences of fetal biophysical and behavioral characteristics (Johnson et al). 1992;166:138-42

**Fetal organ maturity**

Comment on fetal breathing movements after premature rupture of membranes (Kivikoski and Amon) (Letter); (Roberts) (Reply). 1992;166:770

The effects of glycemia on breathing movements and plasma prostaglandin E concentrations in the sheep fetus (Fowden et al). 1992;166:713-9

Mimicking low amniotic pressure by chronic pharyngeal drainage does not impair lung development in fetal sheep (Fisk et al). 1992;166:991-6

Prediction of respiratory distress syndrome by a new colorimetric assay (Almog et al). 1992;166:1827-34

**Fetal-pelvic disproportion**

Efficacy of the fetal-pelvic index in nulliparous women at high risk for fetal-pelvic disproportion (Morgan and Thurnau). 1992;166:810-4

**Fetal urine; see Urine****Fetotomy**

In the rhesus monkey placental retention after fetotomy at 121 to 130 days' gestation outlasts the normal duration of pregnancy (Nathaniels et al). 1992;166:1529-35

**Fetofetal transfusion**

Therapeutic amniocentesis in twin-twin transfusion syndrome appearing in the second trimester of pregnancy (Saunders et al). 1992;166:820-4

**Fetoscopy**

Does amniotic fluid analysis reflect acid-base balance in fetal blood? (Economides et al). 1992;166:970-3

**Fetus, drug effects**

The maternal and fetal effects of milrinone and dopamine in normotensive pregnant ewes (Santos et al). 1992;166:257-62

**Fibronectins**

The function of elevated plasma fibronectin in preeclampsia (Brubaker et al). 1992;166:526-31

**First trimester of pregnancy; see Pregnancy trimester, first****Fistula**

Omental graft made simple (Petty). 1992;166:1591 (Letter)

**Flecainide**

Treatment of fetal supraventricular tachycardia with flecainide acetate after digoxin failure (Mills) (Letter); (Kofinas) (Reply). 1992;166:1863

**Flora; see Bacteria****Flow cytometry**

Deoxyribonucleic acid analysis by flow cytometry of uterine leiomyosarcomas and smooth muscle tumors of uncertain malignant potential (Peters et al). 1992;166:1646-54

**Flow velocity; see Blood flow velocity****Flowmeters**

Applicability of the Poiseuille equation to umbilical artery velocimetry (Degani) (Letter); (Wright and Ridgway) (Reply). 1992;166:766-7

Comparison of dynamic image and pulsed Doppler ultrasonography for the diagnosis of the small-for-gestational-age fetus (Miller and Gabert). 1992;166:1820-6

**Fluoresceins**

Infarction of the uterus from subacute incomplete inversion (Romo et al). 1992;166:878-9

**Fluorouracil**

Periconceptional exposure to topical 5-fluorouracil (Otaño et al) (Letter); (Plouffe et al) (Reply). 1992;166:263-4

Superficial laser vulvectomy. V. Surgical debulking is enhanced by adjuvant systemic interferon (Reid et al). 1992;166:815-20

**Folic acid**

Oral folic acid supplementation for cervical dysplasia: a clinical intervention trial (Butterworth et al). 1992;166:803-9

**Frozen sections**

Accuracy of frozen-section diagnosis at surgery in clinical state I and II endometrial carcinoma (Shim et al). 1992;166:1335-8

**Frozen semen; see Semen preservation****G****Genes**

Rapid identification of deoxyribonucleic acid sequence differences in cytochrome P-450 21-hydroxylase (CYP21) genes with denaturing gradient gel blots (Reindollar et al). 1992;166:184-91

**Genetic screening**

Triplet pregnancy involving complete hydatidiform mole and two fetuses: genetic analysis by deoxyribonucleic acid fingerprint (Azuma et al). 1992;166:664-7

**Genetics**

Familial occurrence of thrombotic thrombocytopenic purpura in two sisters during pregnancy (Wiznitzer et al). 1992;166:20-1

**Genital diseases, female**

The mechanisms of preterm labor: common genital tract pathogens do not metabolize arachidonic acid to prostaglandins or to other eicosanoids (Bennett and Elder). 1992;166:1541-5

**Genitalia, female**

Acute genital injury in the prepubertal girl (Pokorny et al). 1992;166:1461-6

Colposcopy to establish physical findings in rape victims (Slaughter and Brown). 1992;166:83-6

**Gestational age**

Composite assessment of gestational age: a comparison of

- institutionally derived and published regression equations (Hill et al). 1992;166:551-5
- Crown-rump length dating of pregnancy at less than 9 weeks' gestation (Cadkin). 1992;166:269 (Letter)
- The frequency of breech presentation by gestational age at birth: a large population-based study (Hickok et al). 1992;166:851-2
- Neonatal morbidity according to gestational age and birth weight from five tertiary care centers in the United States, 1983 through 1986 (Robertson et al). 1992;166:1629-45
- The tip of the iceberg and the best fit in ultrasonographic dating of pregnancy (Rossavik) (Letter); (Goldstein) (Reply). 1992;166:1867-8
- Ultrasonographic dating of pregnancy causes significant errors in Down syndrome risk assessment that may be minimized by use of biparietal diameter-based means (Reynolds et al). 1992;166:872-7
- Validity of postnatal assessments of gestational age: a comparison of the method of Ballard et al. and early ultrasonography (Alexander et al). 1992;166:891-5
- Gestational diabetes; see Pregnancy in diabetes**
- Gloves, surgical**
- Latex anaphylaxis in an obstetrics and gynecology physician (Chen et al). 1992;166:968-9
- Glucose**
- Amniotic fluid glucose and intraamniotic infection: sensitivity, specificity, and predictive values (Gonen) (Letter); (Kirshon) (Reply). 1992;166:1863-4
- Maternal glucose intolerance and the subcutaneous terbutaline pump (Lindenbaum et al). 1992;166:925-8
- Treatment of unruptured tubal pregnancy by laparoscopic instillation of hyperosmolar glucose solution (Lang et al). 1992;166:1378-81
- Glucose tolerance test**
- The effect of continuous subdermal levonorgestrel (Norplant) on carbohydrate metabolism (Konje et al). 1992;166:15-9
- Glyceryl trinitrate**
- Intravenous nitroglycerin for uterine relaxation of an inverted uterus (Altabet et al). 1992;166:1237-8
- Glycoproteins**
- Immunohistochemical detection of the multi-drug-resistance marker P-glycoprotein in uterine cervical carcinomas and normal cervical tissue (Schneider et al). 1992;166:825-9
- Gonadorelin**
- Bioavailability of nafarelin in healthy volunteers (Chaplin). 1992;166:762-5
- Gonadotropin-releasing hormone agonists: strategies for managing the hypoestrogenic effects of therapy (Judd). 1992;166:752-6
- Gonadotropin-releasing hormone analogs: update on new findings (Henzl). 1992;166:757-61
- Hormone treatment of endometriosis: the estrogen threshold hypothesis (Barbieri). 1992;166:740-5
- Lipid and apolipoprotein abnormalities in hirsute women. I. The association with insulin resistance (Wild et al). 1992;166:1191-7

- The mechanisms of preterm labor: common genital tract pathogens do not metabolize arachidonic acid to prostaglandins or to other eicosanoids (Bennett and Elder). 1992;166:1541-5
- Postpartum paravaginal hematoma and lower-extremity infection (Chatwani et al). 1992;166:598-600
- A review of premature birth and subclinical infection (Gibbs et al). 1992;166:1515-28 (Curr. dev.)

**Inferior vena cava; see Vena cava, inferior****Infertility, female**

- Buserelin acetate versus expectant management in the treatment of infertility associated with minimal or mild endometriosis: a randomized clinical trial (Fedele et al). 1992;166:1345-50
- Criteria for the diagnosis of infertility (Kessopoulou et al) (Letter); (Aitken) (Reply). 1992;166:264-5
- Infertility and endometriosis: comparison of pregnancy outcomes with laparotomy versus laparoscopic techniques (Gant). 1992;166:1072-81
- Infertility and pregnancy outcome in an unselected group of women with insulin-dependent diabetes mellitus (Kjaer et al). 1992;166:1412-8
- Long-term sequelae of acute pelvic inflammatory disease: a retrospective cohort study (Safrin et al). 1992;166:1300-5
- Ovarian carcinoma of low malignant potential, infertility, and induction of ovulation: Is there a link? (Goldberg and Runowicz). 1992;166:853-4
- Prevalence of out-of-phase endometrial biopsy specimens (Peters et al). 1992;166:1738-46
- Use of urinary luteinizing hormone immunoassays in the assessment of luteal function in infertile women (Corsan et al). 1992;166:41-6

**Inflammation**

- The relationship between acute inflammatory lesions of the preterm placenta and amniotic fluid microbiology (Romero et al). 1992;166:1382-8

**Infusion pumps**

- Maternal glucose intolerance and the subcutaneous terbutaline pump (Lindenbaum et al). 1992;166:925-8

**Infusions, intravenous**

- Effects of  $\beta$ -hydroxybutyrate infusion on hind limb metabolism in fetal sheep (Harding et al). 1992;166:671-6
- Low-dose infusion of atrial natriuretic peptide in the conscious guinea pig increases blood flow to the placenta of growth-retarded fetuses (Jansson). 1992;166:213-8
- Oxytocin given in a pulsatile manner to the ewe at 120 to

140 days' gestational age increases fetal sheep plasma cortisol (Sadowsky et al). 1992;166:200-5

Transient symptomatic subendocardial ischemia during intravenous magnesium sulfate tocolytic therapy (Sherer et al). 1992;166:33-5

**Inguinal hernia; see Hernia, inguinal**

**Insemination, artificial**

Effect of controlled ovarian hyperstimulation on pregnancy rates after intrauterine insemination (DiMarzo et al). 1992;166:1607-13

Therapeutic donor insemination: a prospective randomized trial of fresh versus frozen sperm (Subak et al). 1992;166:1597-606

**Insulin**

Impairment of counterregulatory hormone responses to hypoglycemia in pregnant women with insulin-dependent diabetes mellitus (Diamond et al). 1992;166:70-7

**Insulin-dependent diabetes mellitus; see Diabetes mellitus, insulin-dependent**

**Insulin-like growth factor I**

Insulin-like growth factor I and II binding in human myometrium and leiomyomas (Chandrasekhar et al). 1992;166:64-9

**Insulin-like growth factor II**

Insulin-like growth factor I and II binding in human myometrium and leiomyomas (Chandrasekhar et al). 1992;166:64-9

**Insulin resistance**

Lipid and apolipoprotein abnormalities in hirsute women. I. The association with insulin resistance (Wild et al). 1992;166:1191-7

**Interferons**

Superficial laser vulvectomy. V. Surgical debulking is enhanced by adjuvant systemic interferon (Reid et al). 1992;166:815-20

**Interleukin-6**

Stimulation of ovarian tumor cell proliferation with monocyte products, including interleukin- $\alpha$ , interleukin-6, and tumor necrosis factor- $\alpha$  (Wu et al). 1992;166:997-1007

**Interleukins**

Stimulation of ovarian tumor cell proliferation with monocyte products, including interleukin- $\alpha$ , interleukin-6, and tumor necrosis factor- $\alpha$  (Wu et al). 1992;166:997-1007

**Internship and residency**

Emergency room use of transvaginal ultrasonography by obstetrics and gynecology residents (Timor-Tritsch et al). 1992;166:866-72

Resident attrition in obstetrics and gynecology (Seltzer et al). 1992;166:1315-7

Training obstetric and family practice residents to give smoking cessation advice during prenatal care (Secker-Walker et al). 1992;166:1356-63

**Intracerebral artery; see Cerebral arteries**

**Intrauterine devices**

Rates and outcomes of planned pregnancy after use of Norplant capsules, Norplant II rods, or levonorgestrel-releasing or copper TCu 380Ag intrauterine contraceptive devices (Sivin et al). 1992;166:1208-13

**Intrauterine devices, copper**

Rates and outcomes of planned pregnancy after use of Norplant capsules, Norplant II rods, or levonorgestrel-releasing or copper TCu 380Ag intrauterine contraceptive devices (Sivin et al). 1992;166:1208-13

**Intrauterine growth retardation; see Fetal growth retardation**

**Intraventricular hemorrhage; see Hemorrhage**

**Inversion of uterus; see Uterine diseases**

**Inverted uterus; see Uterus**

**Ischemia**

Transient symptomatic subendocardial ischemia during intravenous magnesium sulfate tocolytic therapy (Sherer et al). 1992;166:33-5

**Isoflurane**

Inhibition of preimplantation mouse embryo development by isoflurane (Warren et al). 1992;166:693-8

**Items**

Items. 1992;166:272, 772, 1028, 1314, 1594, 1892

## K

**Ketones**

Effects of  $\beta$ -hydroxybutyrate infusion on hind limb metabolism in fetal sheep (Harding et al). 1992;166:671-6

**Ketosteroids**

Human ovarian 17-ketosteroid oxidoreductase: unique characteristics of the granulosa-luteal cell and stromal enzyme (Barlieri). 1992;166:1117-26

**Kidney**

Fetal urine biochemistry in the assessment of obstructive uropathy (Nicolaidis et al). 1992;166:932-7

Renal autoregulation in midterm and late-pregnant rats (Reckelhoff et al). 1992;166:1546-50

**Kidney, polycystic**

Prenatal diagnosis of autosomal recessive polycystic kidney disease: variable outcome within one family (Barth et al). 1992;166:560-7

**Kidney diseases**

Plasma endothelin levels in preeclampsia: elevation and correlation with uric acid levels and renal impairment (Clark et al). 1992;166:962-8

**Killer cells, natural**

Natural killer cell activity from pregnant subjects is modulated by RU 486 (Hansen et al). 1992;166:87-90

## L

**Labor**

Acute childbirth morbidity: its measurement using hospital charges (Hage et al). 1992;166:1853-62

Changes in human fetal cerebral hemoglobin concentration and oxygenation during labor measured by near-infrared spectroscopy (Peebles et al). 1992;166:1369-73

Circulating hyaluronic acid in nonpregnant, pregnant, and postpartum guinea pigs: elevated levels observed at parturition (Rajabi et al). 1992;166:242-6

Does oxytocin augmentation increase perinatal risk in primigravid labor? (Cahill et al). 1992;166:847-50

The effect of cesarean section on intraventricular hemorrhage in the preterm infant (Anderson et al). 1992;166:1091-101

Effects of platelet-activating factor on prostaglandin  $E_2$  production by intact fetal membranes (Morris et al). 1992;166:1228-31

Efficacy of the fetal-pelvic index in nulliparous women at high risk for fetal-pelvic disproportion (Morgan and Thurnau). 1992;166:810-4

Elective induction versus spontaneous labor: a retrospective study of complications and outcome (Macer et al). 1992;166:1690-7

The Green Bay cesarean section study. II. The physician

**Labor—cont'd**

- factor as a determinant of cesarean birth rates for failed labor (DeMott and Sandmire). 1992;166:1799-810
- In the rhesus monkey placental retention after fetectomy at 121 to 130 days' gestation outlasts the normal duration of pregnancy (Nathanielsz et al). 1992;166:1529-35
- Infection and labor. VII. Microbial invasion of the amniotic cavity in spontaneous rupture of membranes at term (Romero et al). 1992;166:129-33
- Influence of labor and oxytocin on in vitro leukotriene release by human fetal membranes and uterine decidua at term gestation (Pasetto et al). 1992;166:1500-6
- Intrapartum amniotic fluid index and its relationship to fetal distress (Robson et al). 1992;166:78-82
- Origin of cervical collagenase during parturition (Osmers et al). 1992;166:1455-60
- Tumor necrosis factor in preterm and term labor (Romero et al). 1992;166:1576-87

**Labor, induced**

- Elective induction versus spontaneous labor: a retrospective study of complications and outcome (Macer et al). 1992;166:1690-7
- Factors affecting the dose response to oxytocin for labor stimulation (Satin et al). 1992;166:1260-1
- Prostaglandin E<sub>2</sub> for induction of labor in patients with premature rupture of membranes at term (Ray and Garite). 1992;166:836-43
- A randomized trial of prostaglandin E<sub>2</sub> in a controlled-release vaginal pessary for cervical ripening at term (Witter et al). 1992;166:830-4

**Labor, premature**

- Direct inhibition of proteases and cervical plasminogen activator by antibiotics (Milwidsky et al). 1992;166:606-12
- Elevated maternal plasma corticotropin-releasing hormone levels in pregnancies complicated by preterm labor (Warren et al). 1992;166:1198-207
- Endothelin-1 and endothelin-2 levels are increased in the amniotic fluid of women with preterm labor and microbial invasion of the amniotic cavity (Romero et al). 1992;166:95-9
- Maternal glucose intolerance and the subcutaneous terbutaline pump (Lindenbaum et al). 1992;166:925-8
- The mechanisms of preterm labor: common genital tract pathogens do not metabolize arachidonic acid to prostaglandins or to other eicosanoids (Bennett and Elder). 1992;166:1541-5
- Oral magnesium and the prevention of preterm labor in a high-risk group of patients (Martin et al). 1992;166:144-7
- A randomized, placebo-controlled trial of betamethasone for the prevention of respiratory distress syndrome at 24 to 28 weeks' gestation (Garite et al). 1992;166:646-51
- The relationship between acute inflammatory lesions of the preterm placenta and amniotic fluid microbiology (Romero et al). 1992;166:1382-8
- Transient symptomatic subendocardial ischemia during intravenous magnesium sulfate tocolytic therapy (Sherer et al). 1992;166:33-5
- Tumor necrosis factor in preterm and term labor (Romero et al). 1992;166:1576-87
- Urinary excretion of prostacyclin and thromboxane metabolites in threatened preterm labor: effect of indomethacin and nylidrin (Kurki et al). 1992;166:150-4

**Labor stage, first**

- A randomized trial of prostaglandin E<sub>2</sub> in a controlled-re-

lease vaginal pessary for cervical ripening at term (Witter et al). 1992;166:830-4

**Laboratories**

- Interlaboratory variation in antiphospholipid antibody testing (Peaceman et al). 1992;166:1780-7

**Lactates**

- Effects of  $\beta$ -hydroxybutyrate infusion on hind limb metabolism in fetal sheep (Harding et al). 1992;166:671-6

**Laparoscopy; see Peritoneoscopy****Laparotomy**

- Infertility and endometriosis: comparison of pregnancy outcomes with laparotomy versus laparoscopic techniques (Gant). 1992;166:1072-81
- Serum levels of macrophage colony-stimulating factor in patients with ovarian cancer undergoing second-look laparotomy (Elg et al). 1992;166:134-7

**Laryngeal neoplasms**

- Fatal maternal laryngeal papillomatosis in pregnancy: a case report (Helmrich et al). 1992;166:524-5

**Laser surgery**

- Comparison of thermal injury zones in loop electrical and laser cervical excisional conization (Baggish et al). 1992;166:545-8
- Frontiers of operative laparoscopy: a review and critique of the evidence (Grimes). 1992;166:1062-71
- Infertility and endometriosis: comparison of pregnancy outcomes with laparotomy versus laparoscopic techniques (Gant). 1992;166:1072-81
- The need for technology assessment in the reproductive sciences (McDonough). 1992;166:1082-90
- Superficial laser vulvectomy. V. Surgical debulking is enhanced by adjuvant systemic interferon (Reid et al). 1992;166:815-20

**Latex**

- Latex anaphylaxis in an obstetrics and gynecology physician (Chen et al). 1992;166:968-9

**Leadership**

- Leadership qualities of obstetrics and gynecology department chairmen of United States medical schools (Bates and Blackhurst). 1992;166:1102-16

**Leg**

- Postpartum paravaginal hematoma and lower-extremity infection (Chatwani et al). 1992;166:598-600

**Legislation**

- Folly, woodenheadedness, and the alluvial mind: presidential address (Bolton). 1992;166:1595-6

**Leiomyoma**

- Insulin-like growth factor I and II binding in human myometrium and leiomyomas (Chandrasekhar et al). 1992;166:64-9
- Rapid growth of leiomyoma in patient receiving tamoxifen (Dilts et al). 1992;166:167-8
- Treatment of uterine fibroids: current findings with gonadotropin-releasing hormone agonists (Adamson). 1992;166:746-51

**Leiomyosarcoma**

- Deoxyribonucleic acid analysis by flow cytometry of uterine leiomyosarcomas and smooth muscle tumors of uncertain malignant potential (Peters et al). 1992;166:1646-54
- Phase II trial of ifosfamide and mesna in leiomyosarcoma of the uterus: a gynecologic oncology group study (Sutton et al). 1992;166:556-9

**Letters**

- Letters. 1992;166:263-9, 766-71, 1020-5, 1306-13, 1588-93, 1863-8

**Leukemia, myeloid**

Hydroxyurea and pregnancy (Tertian et al). 1992;166:1868 (Letter)

**Leukocytes**

Human vaginal leukocytes and the effects of vaginal fluid on lymphocyte and macrophage defense functions (Hill and Anderson). 1992;166:720-6

**Leukocytes, mononuclear**

Possible transplacental transmission of human papillomaviruses (Tseng et al). 1992;166:35-40

**Leukotrienes**

Influence of labor and oxytocin on in vitro leukotriene release by human fetal membranes and uterine decidua at term gestation (Pasetto et al). 1992;166:1500-6

**Leuprolide**

Treatment of uterine fibroids: current findings with gonadotropin-releasing hormone agonists (Adamson). 1992;166:746-51

**Levonorgestrel**

Contraceptive compliance with a levonorgestrel triphasic and a norethindrone monophasic oral contraceptive in adolescent patients (Woods et al). 1992;166:901-7

The effect of continuous subdermal levonorgestrel (Norplant) on carbohydrate metabolism (Konje et al). 1992;166:15-9

**Levonorgestrel-releasing intrauterine contraceptive device; see Intrauterine devices**

**Leydig cells**

Human ovarian 17-ketosteroid oxidoreductase: unique characteristics of the granulosa-luteal cell and stromal enzyme (Barbieri). 1992;166:1117-26

**LH**

Use of urinary luteinizing hormone immunoassays in the assessment of luteal function in infertile women (Corsan et al). 1992;166:41-6

**Ligaments**

Preoperative and postoperative analysis of site-specific pelvic support defects in 81 women treated with sacrospinous ligament suspension and pelvic reconstruction (Shull et al). 1992;166:1764-71

Prophylactic sacrospinous fixation discouraged (Scotti) (Letter); (Cruikshank) (Reply). 1992;166:1022-3

**Lipids**

Comparison of transdermal and oral estrogen/progestin replacement therapy: effects on serum lipids and lipoproteins (Crook et al). 1992;166:950-5

Lipid and apolipoprotein abnormalities in hirsute women. 1. The association with insulin resistance (Wild et al). 1992;166:1191-7

**Lipoproteins**

Comparison of transdermal and oral estrogen/progestin replacement therapy: effects on serum lipids and lipoproteins (Crook et al). 1992;166:950-5

**Lipoproteins, LDL**

Lp(a) lipoprotein: relationship to cardiovascular disease risk factors, exercise, and estrogen (Lobo et al). 1992;166:1182-90

**Low density lipoproteins; see Lipoproteins, LDL**

**Lung, growth and development**

Mimicking low amniotic pressure by chronic pharyngeal drainage does not impair lung development in fetal sheep (Fisk et al). 1992;166:991-6

**Lung diseases**

Serial thoracic versus abdominal circumference ratios for the prediction of pulmonary hypoplasia in premature

rupture of the membranes remote from term (D'Alton et al). 1992;166:658-63

**Luteal phase**

Gonadotropin and ovarian hormone dynamics in luteal phase defects (Alexander et al). 1992;166:652-7

Use of urinary luteinizing hormone immunoassays in the assessment of luteal function in infertile women (Corsan et al). 1992;166:41-6

**Luteinizing hormone; see LH**

**Lymph node excision**

Laparoscopic radical hysterectomy with paraaortic and pelvic node dissection (Nezhat et al). 1992;166:864-5

**Lymphocytes**

Human vaginal leukocytes and the effects of vaginal fluid on lymphocyte and macrophage defense functions (Hill and Anderson). 1992;166:720-6

**M**

**Macrophage colony-stimulating factor**

Serum levels of macrophage colony-stimulating factor in patients with ovarian cancer undergoing second-look laparotomy (Elg et al). 1992;166:134-7

**Macrophages**

Human vaginal leukocytes and the effects of vaginal fluid on lymphocyte and macrophage defense functions (Hill and Anderson). 1992;166:720-6

**Macrosomic fetus; see Fetal macrosomia**

**Magnesium**

Oral magnesium and the prevention of preterm labor in a high-risk group of patients (Martin et al). 1992;166:144-7

**Magnesium sulfate**

Anticonvulsant effects of magnesium sulfate on hippocampal seizures: therapeutic implications in preeclampsia-eclampsia (Cotton et al). 1992;166:1127-36

Magnesium sulfate is an unfit anticonvulsant in eclampsia (Luan) (Letter); (Sibai) (Reply). 1992;166:1588

Transient symptomatic subendocardial ischemia during intravenous magnesium sulfate tocolytic therapy (Sherer et al). 1992;166:33-5

**Magnetics**

Magnetic cell sorting and the transferrin receptor as potential means of prenatal diagnosis from maternal blood (Gänshirt-Ahlert et al). 1992;166:1350-5

**Malpractice**

At last: an objective observation (Morton). 1992;166:1312 (Letter)

**Mass screening**

The California Maternal Serum  $\alpha$ -Fetoprotein Screening Program: the role of ultrasonography in the detection of spina bifida (Platt et al). 1992;166:1328-9

A comprehensive program for cervical cancer detection and management (Benedet et al). 1992;166:1254-9

Ovarian cancer screening (Gosink) (Letter); (Creasman and DiSaia) (Reply). 1992;166:1591-3

**Maternal blood; see Blood**

**Maternal mortality**

Fatal maternal laryngeal papillomatosis in pregnancy: a case report (Helmrich et al). 1992;166:524-5

Main clinical types and subtypes of eclampsia (López-Llera). 1992;166:4-9

**Mathematical model; see Models, theoretical**

**Mathematics**

Derivation of new mathematic formulas for determining

**Mathematics—cont'd**

whether a D-positive father is heterozygous or homozygous for the D antigen (Kanter). 1992;166:61-3

**May-Hegglin anomaly; see Blood platelet disorders****Meconium**

Elective induction versus spontaneous labor: a retrospective study of complications and outcome (Macer et al). 1992;166:1690-7

Erythromycin, motilin, and meconium (Danielian) (Letter); (Nugent) (Reply). 1992;166:767-8

Meconium aspiration syndrome: reflections on a murky subject (Katz and Bowes). 1992;166:171-83 (Curr. dev.)

**Medical staff**

Leadership qualities of obstetrics and gynecology department chairmen of United States medical schools (Bates and Blackhurst). 1992;166:1102-16

**Mefenamic acid**

Effects of mefenamic acid on menstrual hemostasis in essential menorrhagia (van Eijkeren et al). 1992;166:1419-28

**Menopause**

The benefits and risks of hormone replacement therapy: an epidemiologic overview (Harlap). 1992;166:1986-92

Introduction to steroids in the menopause (Samsioe). 1992;166:1980-5

Postmenopausal steroid replacement with micronized dehydroepiandrosterone: preliminary oral bioavailability and dose proportionality studies (Buster et al). 1992;166:1163-70

A reevaluation of estrogen status in postmenopausal women who smoke (Cassidenti et al). 1992;166:1444-8

The role of progestins in hormone replacement therapy (Lobo). 1992;166:1997-2004

Use of two types of estradiol-releasing skin patches for menopausal patients in a tropical climate (McCarthy et al). 1992;166:2005-10

**Menopause, premature**

Early menopause in long-term survivors of cancer during adolescence (Byrne et al). 1992;166:788-93

**Menorrhagia**

Effects of mefenamic acid on menstrual hemostasis in essential menorrhagia (van Eijkeren et al). 1992;166:1419-28

Hysteroscopic myometrial biopsy: its use in diagnosing adenomyosis and its clinical application (McCausland). 1992;166:1619-28

Tubal sterilization and risk of subsequent hospital admission for menstrual disorders (Shy et al). 1992;166:1698-706

**Menstrual cycle**

Ultrastructure of the microvasculature in the human endometrium throughout the normal menstrual cycle (Roberts et al). 1992;166:1393-406

**Menstruation disorders**

Effects of mefenamic acid on menstrual hemostasis in essential menorrhagia (van Eijkeren et al). 1992;166:1419-28

Tubal sterilization and risk of subsequent hospital admission for menstrual disorders (Shy et al). 1992;166:1698-706

**Mental retardation**

Maternal phenylketonuria collaborative study, obstetric aspects and outcome: the first 6 years (Platt et al). 1992;166:1150-62

**Mentors**

Leadership qualities of obstetrics and gynecology depart-

ment chairmen of United States medical schools (Bates and Blackhurst). 1992;166:1102-16

**2-Mercaptoethanesulfonate**

Phase II trial of ifosfamide and mesna in leiomyosarcoma of the uterus: a gynecologic oncology group study (Sutton et al). 1992;166:556-9

**Messenger ribonucleic acid; see RNA, messenger****Met-enkephalin; see Enkephalins****Metronidazole**

Incidence of pelvic inflammatory disease after first-trimester legal abortion in women with bacterial vaginosis after treatment with metronidazole: a double-blind, randomized study (Larsson et al). 1992;166:100-3

Vaginal  $PO_2$  in healthy women and in women infected with *Trichomonas vaginalis*: potential implications for metronidazole therapy (Rashad et al). 1992;166:620-4

**Metrorrhagia**

Tubal sterilization and risk of subsequent hospital admission for menstrual disorders (Shy et al). 1992;166:1698-706

**Midtrimester; see Pregnancy trimester, second****Mifepristone**

Natural killer cell activity from pregnant subjects is modulated by RU 486 (Hansen et al). 1992;166:87-90

**Milrinone**

The maternal and fetal effects of milrinone and dopamine in normotensive pregnant ewes (Santos et al). 1992;166:257-62

**Miscarriage; see Abortion****Models, theoretical**

A model-based prediction for transvaginal ultrasonographic identification of early intrauterine pregnancy (Shapiro et al). 1992;166:1495-500

**Moniliasis, vulvovaginal**

Cellular immunity of patients with recurrent or refractory vulvovaginal moniliasis (Fong et al). 1992;166:887-90

**Monocytes**

Stimulation of ovarian tumor cell proliferation with monocyte products, including interleukin- $\alpha$ , interleukin-6, and tumor necrosis factor- $\alpha$  (Wu et al). 1992;166:997-1007

**Mononuclear cells; see Leukocytes, mononuclear****Morals**

Contraceptive prevalence, reproductive health, and international morality (Diczfalusy). 1992;166:1037-43

**Morbidity**

Acute childbirth morbidity: its measurement using hospital charges (Hage et al). 1992;166:1853-62

Influence of alcohol intake on postoperative morbidity after hysterectomy (Felding et al). 1992;166:667-70

Neonatal morbidity according to gestational age and birth weight from five tertiary care centers in the United States, 1983 through 1986 (Robertson et al). 1992;166:1629-45

Radical hysterectomy in the elderly patient: analysis of morbidity (Fuchtnet et al). 1992;166:593-7

**Motherhood**

Abortion or motherhood, suicide and madness (Ryan). 1992;166:1029-36

**Motilin**

Erythromycin, motilin, and meconium (Danielian) (Letter); (Nugent) (Reply). 1992;166:767-8

**Muscle, smooth**

Deoxyribonucleic acid analysis by flow cytometry of uterine leiomyosarcomas and smooth muscle tumors of uncertain malignant potential (Peters et al). 1992;166:1646-54

**Muscle, smooth, vascular**

Endothelium-derived relaxing factor and indomethacin-sensitive contracting factor alter arterial contractile responses to thromboxane during pregnancy (Weiner et al). 1992;166:1171-81

Lack of reactivity of uterine arteries from patients with obstetric hemorrhage (Nelson and Suresh). 1992;166:1436-43

**Myeloid leukemia; see Leukemia, myeloid**

**Myocardial ischemia; see Ischemia**

**Myoma**

Insulin-like growth factor I and II binding in human myometrium and leiomyomas (Chandrasekhar et al). 1992;166:64-9

**Myometrium**

Hysteroscopic myometrial biopsy: its use in diagnosing adenomyosis and its clinical application (McCausland). 1992;166:1619-28

Insulin-like growth factor I and II binding in human myometrium and leiomyomas (Chandrasekhar et al). 1992;166:64-9

Oxytocin given in a pulsatile manner to the ewe at 120 to 140 days' gestational age increases fetal sheep plasma cortisol (Sadowsky et al). 1992;166:200-5

The presence of platelet-activating factor binding sites in human myometrium and their role in uterine contraction (Zhu et al). 1992;166:1222-7

**Myotonia atrophica**

Hydrops fetalis associated with congenital myotonic dystrophy (Afifi et al). 1992;166:929-30

**Myotonic dystrophy; see Myotonia atrophica**

**N**

**Nafarelin**

Bioavailability of nafarelin in healthy volunteers (Chaplin). 1992;166:762-5

Gonadotropin-releasing hormone analogs: update on new findings (Henzl). 1992;166:757-61

Nafarelin in the management of endometriosis: quality of life assessment (Burry). 1992;166:735-9

Treatment of uterine fibroids: current findings with gonadotropin-releasing hormone agonists (Adamson). 1992;166:746-51

**Natriuretic peptides, atrial**

Low-dose infusion of atrial natriuretic peptide in the conscious guinea pig increases blood flow to the placenta of growth-retarded fetuses (Jansson). 1992;166:213-8

**Natural killer cells; see Killer cells, natural**

**Near-infrared spectroscopy; see Spectrum analysis**

**Necrosis**

Necrotizing fasciitis of the vulva (Stephenson et al). 1992;166:1324-7

**Neisseria gonorrhoeae**

Preterm premature rupture of membranes: results of expectant management in patients with cervical cultures positive for group B streptococcus or *Neisseria gonorrhoeae* (Maxwell and Watson). 1992;166:945-9

**Nematode infections**

Nematode infections: Is it wise to withhold medical treatment during pregnancy? I. Biliary complications (Vullar L. et al). 1992;166:549-50

**Neonate; see Infant, newborn**

**Neoplasm metastasis**

Ovarian metastases in stage IB carcinoma of the cervix: a

Gynecologic Oncology Group study (Sutton et al). 1992;166:50-3

**Neoplasms**

Early menopause in long-term survivors of cancer during adolescence (Byrne et al). 1992;166:788-93

**Neural network**

The use of neural network for the ultrasonographic estimation of fetal weight in the macrosomic fetus (Farmer et al). 1992;166:1467-72

**Neural tube defects**

The California Maternal Serum  $\alpha$ -Fetoprotein Screening Program: the role of ultrasonography in the detection of spina bifida (Platt et al). 1992;166:1328-9

**Nitric oxide**

Attenuation of the vasoconstrictor effects of thromboxane and endothelin by nitric oxide in the human fetal-placental circulation (Myatt et al). 1992;166:224-30

*N* $\omega$ -Nitro-L-arginine, and inhibitor of nitric oxide synthesis, increases blood pressure in rats and reverses the pregnancy-induced refractoriness to vasopressor agents (Molnár and Hertelendy). 1992;166:1560-7

**Nitroglycerin; see Glyceryl trinitrate**

**Norethindrone**

Contraceptive compliance with a levonorgestrel triphasic and a norethindrone monophasic oral contraceptive in adolescent patients (Woods et al). 1992;166:901-7

Gonadotropin-releasing hormone agonists: strategies for managing the hypoestrogenic effects of therapy (Judd). 1992;166:752-6

Gonadotropin-releasing hormone analogs: update on new findings (Henzl). 1992;166:757-61

**Norgestimate**

The efficacy and tolerability of norgestimate/ethinyl estradiol (250  $\mu$ g of norgestimate/35  $\mu$ g of ethinyl estradiol): results of an open, multicenter study of 59,701 women (Runnebaum et al). 1992;166:1963-8

Norgestimate: a clinical overview of a new progestin (Bringer). 1992;166:1978-9

**Norplant; see Levonorgestrel**

**Numerical analysis, computer-assisted**

Numeric analysis of heart rate variation in intrauterine growth-retarded fetuses: a longitudinal study (Snijders et al). 1992;166:22-7

**Nylidrin**

Urinary excretion of prostacyclin and thromboxane metabolites in threatened preterm labor: effect of indomethacin and nylidrin (Kurki et al). 1992;166:150-4

**O**

**Obstructive uropathy; see Urinary tract, pathology**

**Office visits**

Pelvic inflammatory disease: trends in hospitalizations and office visits, 1979 through 1988 (Rolf's et al). 1992;166:983-90

**Oligohydramnios**

Mimicking low amniotic pressure by chronic pharyngeal drainage does not impair lung development in fetal sheep (Fisk et al). 1992;166:991-6

**Omentum**

Omental graft made simple (Petty). 1992;166:1591 (Letter)

**Oocytes**

Criteria for the diagnosis of infertility (Kessopoulou et al) (Letter); (Aitken) (Reply). 1992;166:264-5

**Oral administration; see Administration, oral****Oral contraceptives; see Contraceptives, oral****Osteoporosis**

The effect of sex steroids on the skeleton in premenopausal women (Lindsay). 1992;166:1993-6

Low-dosage micronized 17 $\beta$ -estradiol prevents bone loss in postmenopausal women (Ettinger et al). 1992;166:479-88

Prolonged effects of a novel, low-dosage continuous progestin-cyclic estrogen replacement program in postmenopausal women (Plunkett and Wolfe). 1992;166:117-21

**Outcome of pregnancy; see Pregnancy outcome****Ovarian cysts**

Giant ovarian cyst: case report (Zamora-Garza et al). 1992;166:1247-8

Oral contraceptive type and functional ovarian cysts (Lanes et al). 1992;166:956-61

**Ovarian hyperstimulation**

Effect of controlled ovarian hyperstimulation on pregnancy rates after intrauterine insemination (DiMarzo et al). 1992;166:1607-13

**Ovarian neoplasms**

Advanced epithelial ovarian carcinoma: long-term survival experience at the community hospital (Unzelman). 1992;166:1663-72

The cavitation ultrasonic surgical aspirator for cytoreduction in advanced ovarian cancer (Rose). 1992;166:843-6

Human monoclonal antibody recognizing an antigen associated with ovarian and other adenocarcinomas (Smith et al). 1992;166:634-45

Meta-analysis of surgery in advanced ovarian carcinoma: Is maximum cytoreductive surgery an independent determinant of prognosis? (Hunter et al). 1992;166:504-11

Ovarian cancer screening (Gosink) (Letter); (Creasman and DiSaia) (Reply). 1992;166:1591-3

Ovarian carcinoma of low malignant potential, infertility, and induction of ovulation: Is there a link? (Goldberg and Runowicz). 1992;166:853-4

Ovarian metastases in stage IB carcinoma of the cervix: a Gynecologic Oncology Group study (Sutton et al). 1992;166:50-3

Regulation of growth of normal ovarian epithelial cells and ovarian cancer cell lines by transforming growth factor- $\beta$  (Berchuck et al). 1992;166:676-84

The safety of oral contraceptives: epidemiologic insights from the first 30 years (Grimes). 1992;166:1950-4

Serum levels of macrophage colony-stimulating factor in patients with ovarian cancer undergoing second-look laparotomy (Elg et al). 1992;166:134-7

Stimulation of ovarian tumor cell proliferation with monocyte products, including interleukin- $\alpha$ , interleukin-6, and tumor necrosis factor- $\alpha$  (Wu et al). 1992;166:997-1007

**Ovary**

The effect of benzo(a)pyrene on murine ovarian and corpora lutea volumes (Miller et al). 1992;166:1535-41

Human ovarian 17-ketosteroid oxidoreductase: unique characteristics of the granulosa-luteal cell and stromal enzyme (Barbieri). 1992;166:1117-26

**Oviduct transport; see Ovum transport****Oviduct**

Prevalence of out-of-phase endometrial biopsy specimens (Peters et al). 1992;166:1738-46

**Ovulation induction**

Ovarian carcinoma of low malignant potential, infertility,

and induction of ovulation: Is there a link? (Goldberg and Runowicz). 1992;166:853-4

**Ovum implantation**

The effect of preovulatory peritoneal fluid from cases of endometriosis on murine in vitro fertilization, embryo development, oviduct transport, and implantation (Dodds et al). 1992;166:219-24

**Ovum transport**

The effect of preovulatory peritoneal fluid from cases of endometriosis on murine in vitro fertilization, embryo development, oviduct transport, and implantation (Dodds et al). 1992;166:219-24

**Oxidized cellulose; see Cellulose, oxidized****Oxidoreductases**

Human ovarian 17-ketosteroid oxidoreductase: unique characteristics of the granulosa-luteal cell and stromal enzyme (Barbieri). 1992;166:1117-26

**Oxygen consumption**

Changes in human fetal cerebral hemoglobin concentration and oxygenation during labor measured by near-infrared spectroscopy (Peebles et al). 1992;166:1369-73

Effects of chronic maternal anemia on systemic and uteroplacental oxygenation in near-term pregnant sheep (Delpapa et al). 1992;166:1007-12

**Oxytocin**

Does oxytocin augmentation increase perinatal risk in primigravid labor? (Cahill et al). 1992;166:847-50

Elective induction versus spontaneous labor: a retrospective study of complications and outcome (Macer et al). 1992;166:1690-7

Factors affecting the dose response to oxytocin for labor stimulation (Satin et al). 1992;166:1260-1

Influence of labor and oxytocin on in vitro leukotriene release by human fetal membranes and uterine decidua at term gestation (Pasetto et al). 1992;166:1500-6

Oxytocin given in a pulsatile manner to the ewe at 120 to 140 days' gestational age increases fetal sheep plasma cortisol (Sadovsky et al). 1992;166:200-5

**P****P-glycoprotein; see Glycoproteins****Pacific Coast Obstetrical and Gynecological Society**

Transactions of the fifty-eighth annual meeting of the Pacific Coast Obstetrical and Gynecological Society. 1992;166:1595-711

**Pain**

The resolution of chronic pelvic pain after normal laparoscopy findings (Baker and Symonds). 1992;166:835-6

**Papanicolaou smear; see Vaginal smears****Papilloma**

Fatal maternal laryngeal papillomatosis in pregnancy: a case report (Helmrich et al). 1992;166:524-5

**Papillomaviruses**

Oral folic acid supplementation for cervical dysplasia: a clinical intervention trial (Butterworth et al). 1992;166:803-9

Possible transplacental transmission of human papillomaviruses (Tseng et al). 1992;166:35-40

Superficial laser vulvectomy. V. Surgical debulking is enhanced by adjuvant systemic interferon (Reid et al). 1992;166:815-20

**Paraortic node dissection; see Lymph node excision****Parent-child relations**

Attitudes toward reproduction in a nonpatient population (Wikman et al). 1992;166:121-6

**Parturition; see Labor**

**Pathology**

Examination of placentas by pathologists (Altshuler). 1992;166:1312 (Letter)

**Patient compliance**

Contraceptive compliance with a levonorgestrel triphasic and a norethindrone monophasic oral contraceptive in adolescent patients (Woods et al). 1992;166:901-7

**Patient education**

Training obstetric and family practice residents to give smoking cessation advice during prenatal care (Secker-Walker et al). 1992;166:1356-63

**Pelvic abscess; see Adnexitis**

**Pelvic belts**

An integrated therapy for peripartum pelvic instability: a study of the biomechanical effects of pelvic belts (Vleeming et al). 1992;166:1243-7

**Pelvic inflammatory disease; see Adnexitis**

**Pelvic neoplasms**

The clinical significance of thrombocytosis in women presenting with a pelvic mass (Chalas et al). 1992;166:974-7

**Pelvic node dissection; see Lymph node excision**

**Pelvis**

An integrated therapy for peripartum pelvic instability: a study of the biomechanical effects of pelvic belts (Vleeming et al). 1992;166:1243-7

Preoperative and postoperative analysis of site-specific pelvic support defects in 81 women treated with sacrospinous ligament suspension and pelvic reconstruction (Shull et al). 1992;166:1764-71

The resolution of chronic pelvic pain after normal laparoscopy findings (Baker and Symonds). 1992;166:835-6

Transvaginal ultrasonographic quantitative assessment of accumulated cul-de-sac fluid (Rosen et al). 1992;166:542-4

**Perforated appendicitis; see Appendicitis**

**Periconception; see Fertilization**

**Pericytes**

Ultrastructure of the microvasculature in the human endometrium throughout the normal menstrual cycle (Roberts et al). 1992;166:1393-406

**Perineum**

Vaginal injury resulting from sliding down a water chute (Niv et al). 1992;166:930-1

**Peripheral blood; see Blood**

**Peritoneal fluid; see Ascitic fluid**

**Peritoneoscopy**

Frontiers of operative laparoscopy: a review and critique of the evidence (Grimes). 1992;166:1062-71

Infertility and endometriosis: comparison of pregnancy outcomes with laparotomy versus laparoscopic techniques (Gant). 1992;166:1072-81

Laparoscopic radical hysterectomy with paraaortic and pelvic node dissection (Nezhat et al). 1992;166:864-5

The need for technology assessment in the reproductive sciences (McDonough). 1992;166:1082-90

Pelvic inflammatory disease: findings during inpatient treatment of clinically severe, laparoscopy-documented disease (Livengood et al). 1992;166:519-24

The resolution of chronic pelvic pain after normal laparoscopy findings (Baker and Symonds). 1992;166:835-6

Treatment of unruptured tubal pregnancy by laparoscopic instillation of hyperosmolar glucose solution (Lang et al). 1992;166:1378-81

**Peritoneum**

Comparison of the peritoneal cells elicited by oxidized regenerated cellulose (Interceed) and expanded polytetrafluoroethylene (Gore-Tex Surgical Membrane) in a murine model (Haney and Doty). 1992;166:1137-49

**Peritonitis**

Abruptio placentae associated with perforated appendicitis and generalized peritonitis (Yaron et al). 1992;166:14-5

**Pessaries**

A randomized trial of prostaglandin E<sub>2</sub> in a controlled-release vaginal pessary for cervical ripening at term (Witter et al). 1992;166:830-4

**Phenylketonuria**

Maternal phenylketonuria collaborative study, obstetric aspects and outcome: the first 6 years (Platt et al). 1992;166:1150-62

**Placenta**

Attenuation of the vasoconstrictor effects of thromboxane and endothelin by nitric oxide in the human fetal-placental circulation (Myatt et al). 1992;166:224-30

Doppler ultrasonographic features of the developing placental circulation: correlation with anatomic findings (Jauniaux et al). 1992;166:585-7

Examination of placentas by pathologists (Altshuler). 1992;166:1312 (Letter)

In the rhesus monkey placental retention after fetectomy at 121 to 130 days' gestation outlasts the normal duration of pregnancy (Nathanielsz et al). 1992;166:1529-35

Low-dose infusion of atrial natriuretic peptide in the conscious guinea pig increases blood flow to the placenta of growth-retarded fetuses (Jansson). 1992;166:213-8

Possible transplacental transmission of human papillomaviruses (Tseng et al). 1992;166:35-40

**Placenta diseases**

Infarction of placental chorioangioma and associated regression of hydrops fetalis (Hsieh and Soong) (Letter); (Chazotte et al) (Reply). 1992;166:1306

The relationship between acute inflammatory lesions of the preterm placenta and amniotic fluid microbiology (Romero et al). 1992;166:1382-8

**Placental hormones**

Elevated maternal plasma corticotropin-releasing hormone levels in pregnancies complicated by preterm labor (Warren et al). 1992;166:1198-207

**Placental lactogen**

Partial hydatidiform moles have impaired differentiated function (human chorionic gonadotropin and human placental lactogen secretion) in response to epidermal growth factor and 8-bromo-cyclic adenosine monophosphate (Morrish et al). 1992;166:160-6

**Placental proteins; see Pregnancy proteins**

**Planned pregnancy; see Family planning**

**Plasma**

Elevated maternal plasma corticotropin-releasing hormone levels in pregnancies complicated by preterm labor (Warren et al). 1992;166:1198-207

Elevated plasma Met-enkephalin levels in the human newborn are a poor indicator of perinatal stress (Martinez et al). 1992;166:1429-35

**Plasma exchange**

Intravenous immunoglobulins in postpartum, persistently severe HELLP syndrome: A safe alternative to plasma exchange? (Pourrat et al) (Letter); (Files and Martin) (Reply). 1992;166:766

**Plasminogen activators**

Direct inhibition of proteases and cervical plasminogen activator by antibiotics (Milwidsky et al). 1992;166:606-12

**Platelet activating factor**

Effects of platelet-activating factor on prostaglandin  $E_2$  production by intact fetal membranes (Morris et al). 1992;166:1228-31

The presence of platelet-activating factor binding sites in human myometrium and their role in uterine contraction (Zhu et al). 1992;166:1222-7

**Platelet activation**

Platelet activation and vascular damage in gestational hypertension (Ballegeer et al). 1992;166:629-33

**Platelet transfusion; see Blood transfusion, intrauterine****Platelets; see Blood platelets****Poiseuille equation**

Applicability of the Poiseuille equation to umbilical artery velocimetry (Degani) (Letter); (Wright and Ridgway) (Reply). 1992;166:766-7

**Polycyclic hydrocarbons**

The effect of benzo(a)pyrene on murine ovarian and corpora lutea volumes (Miller et al). 1992;166:1535-41

**Polycythemia**

Fetal polycythemia and thrombocytopenia in pregnancies complicated by maternal diabetes mellitus (Salvesen et al). 1992;166:1287-92

**Polyhydramnios**

Therapeutic amniocentesis in twin-twin transfusion syndrome appearing in the second trimester of pregnancy (Saunders et al). 1992;166:820-4

**Polymerase chain reaction**

Magnetic cell sorting and the transferrin receptor as potential means of prenatal diagnosis from maternal blood (Gänshirt-Ahlert et al). 1992;166:1350-5

Possible transplacental transmission of human papillomaviruses (Tseng et al). 1992;166:35-40

**Polytetrafluoroethylene**

Comparison of the peritoneal cells elicited by oxidized regenerated cellulose (Interceed) and expanded polytetrafluoroethylene (Gore-Tex Surgical Membrane) in a murine model (Haney and Doty). 1992;166:1137-49

**Polyunsaturated fatty acids; see Fatty acids, polyunsaturated****Population**

Population differences of fetal biophysical and behavioral characteristics (Johnson et al). 1992;166:138-42

**Postmenopause; see Menopause****Postterm infant; see Infant, postmature****Pre-eclampsia**

Abnormal 1,25-dihydroxyvitamin D metabolism in pre-eclampsia (August et al). 1992;166:1295-9

Anticonvulsant effects of magnesium sulfate on hippocampal seizures: therapeutic implications in preeclampsia-eclampsia (Cotton et al). 1992;166:1127-36

Eclampsia. VII. Pregnancy outcome after eclampsia and long-term prognosis (Sibai et al). 1992;166:1757-63

The function of elevated plasma fibronectin in preeclampsia (Brubaker et al). 1992;166:526-31

Immunoreactive circulating endothelin-1 in normal and hypertensive pregnancies (Schiff et al). 1992;166:624-8

Interrelationship and clinical significance of increased resistance in the uterine arteries in patients with hypertension or preeclampsia or both (Kofinas et al). 1992;166:601-6

Intravenous immunoglobulins in postpartum, persistently severe HELLP syndrome: A safe alternative to plasma

exchange? (Pourrat et al) (Letter); (Files and Martin) (Reply). 1992;166:766

Magnesium sulfate is an unfit anticonvulsant in eclampsia (Luan) (Letter); (Sibai) (Reply). 1992;166:1588

More on early detection of preeclampsia (Ales) (Letter); (Sibai) (Reply). 1992;166:1306-8

The natural history of thrombocytopenia associated with preeclampsia (Catanzarite). 1992;166:770-1 (Letter)

Plasma endothelin levels in preeclampsia: elevation and correlation with uric acid levels and renal impairment (Clark et al). 1992;166:962-8

Platelet activation and vascular damage in gestational hypertension (Ballegeer et al). 1992;166:629-33

Polyunsaturated fatty acids in preeclampsia (Sanjurjo et al) (Letter); (Wang et al) (Reply). 1992;166:1023-4

Preeclampsia, von Willebrand factor antigen, and endothelial cells (Blann) (Letter); (Taylor et al) (Reply). 1992;166:769-70

**Predictive value of tests**

Amniotic fluid glucose and intraamniotic infection: sensitivity, specificity, and predictive values (Gonen) (Letter); (Kirshon) (Reply). 1992;166:1863-4

Receiver-operator characteristic, efficiency analysis, and predictive value of serum progesterone concentration as a test for abnormal gestations (Cowan et al). 1992;166:1729-37

Unexplained elevated maternal serum  $\alpha$ -fetoprotein is not predictive of adverse perinatal outcome in an indigent urban population (Phillips et al). 1992;166:978-82

**Prednisone**

Repeated fetal losses associated with antiphospholipid antibodies: a collaborative randomized trial comparing prednisone with low-dose heparin treatment (Cowchock et al). 1992;166:1318-23

**Pregnancy, blood**

The blood pressure response to infusions of angiotensin II during normal pregnancy: relation to plasma angiotensin II concentration, serum progesterone level, and mean platelet volume (Ito et al). 1992;166:1249-53

Endothelium-derived relaxing factor and indomethacin-sensitive contracting factor alter arterial contractile responses to thromboxane during pregnancy (Weiner et al). 1992;166:1171-81

N $\omega$ -Nitro-L-arginine, and inhibitor of nitric oxide synthesis, increases blood pressure in rats and reverses the pregnancy-induced refractoriness to vasopressor agents (Molnár and Hertelendy). 1992;166:1560-7

**Pregnancy, drug effects**

Anticancer drugs during pregnancy: Are we able to discard them? (Kim et al) (Letter); (van der Zee et al) (Reply). 1992;166:265-6

The maternal and fetal effects of milrinone and dopamine in normotensive pregnant ewes (Santos et al). 1992;166:257-62

Routine urine drug screening at the first prenatal visit (Colmorgen et al). 1992;166:588-90

**Pregnancy, ectopic**

Frontiers of operative laparoscopy: a review and critique of the evidence (Grimes). 1992;166:1062-71

Laboratory and clinical comparison of a rapid versus a classic progesterone radioimmunoassay for use in determining abnormal and ectopic pregnancies (Peterson et al). 1992;166:562-6

**Pregnancy, epidemiology**

Effect of controlled ovarian hyperstimulation on pregnancy

- rates after intrauterine insemination (DiMarzo et al). 1992;166:1607-13

- Elective induction versus spontaneous labor: a retrospective

study of complications and outcome (Macer et al). 1992;166:1690-7

Impact of histocompatibility antigens on pregnancy outcome (Eroglu et al). 1992;166:1364-9

Infertility and endometriosis: comparison of pregnancy outcomes with laparotomy versus laparoscopic techniques (Gant). 1992;166:1072-81

Infertility and pregnancy outcome in an unselected group of women with insulin-dependent diabetes mellitus (Kjaer et al). 1992;166:1412-8

Maternal phenylketonuria collaborative study, obstetric aspects and outcome: the first 6 years (Platt et al). 1992;166:1150-62

Rates and outcomes of planned pregnancy after use of Norplant capsules, Norplant II rods, or levonorgestrel-releasing or copper TCu 380Ag intrauterine contraceptive devices (Sivin et al). 1992;166:1208-13

Reproductive outcome in women with recurrent spontaneous abortions of alloimmune and autoimmune causes: preconception versus postconception treatment (Kwak et al). 1992;166:1787-98

Unexplained elevated maternal serum  $\alpha$ -fetoprotein is not predictive of adverse perinatal outcome in an indigent urban population (Phillips et al). 1992;166:978-82

**Pregnancy proteins**

Transforming growth factor- $\alpha$  and epidermal growth factor messenger ribonucleic acid and protein levels in human placentas from early, mid, and late gestation (Bissonnette et al). 1992;166:192-9

**Pregnancy tests**

A model-based prediction for transvaginal ultrasonographic identification of early intrauterine pregnancy (Shapiro et al). 1992;166:1495-500

**Pregnancy trimester, first**

Changes in human platelet angiotensin II binding sites associated with early pregnancy (Baker et al). 1992;166:255-6

Embryoscopy: a closer look at first-trimester diagnosis and treatment (Reece et al). 1992;166:775-80 (Clin. opinion)

Intracerebral, aortic, and umbilical artery flow velocity waveforms in the late-first-trimester fetus (Wladimiroff et al). 1992;166:46-9

**Pregnancy trimester, second**

Maternal serum  $\alpha$ -fetoprotein,  $\beta$ -human chorionic gonadotropin, and unconjugated estriol levels in midtrimester trisomy 18 pregnancies (Greenberg et al). 1992;166:1388-92

Renal autoregulation in midterm and late-pregnant rats (Reckelhoff et al). 1992;166:1546-50

Therapeutic amniocentesis in twin-twin transfusion syndrome appearing in the second trimester of pregnancy (Saunders et al). 1992;166:820-4

**Pregnancy trimester, third**

Renal autoregulation in midterm and late-pregnant rats (Reckelhoff et al). 1992;166:1546-50

**Premature labor; see Labor, premature****Premature rupture of membranes; see Fetal membranes, premature rupture****Prenatal care**

Drug use or inadequate prenatal care? Adverse pregnancy outcome in an urban setting (Broekhuizen et al). 1992;166:1747-56

Routine urine drug screening at the first prenatal visit (Colmorgen et al). 1992;166:588-90

Suffer the little children: presidential address (Youngblood). 1992;166:1712-6

Training obstetric and family practice residents to give smoking cessation advice during prenatal care (Secker-Walker et al). 1992;166:1356-63

**Prenatal diagnosis; see also Ultrasonography, prenatal**

Chorionic villus sampling for fetal Rh typing: clinical implications (Kickler et al). 1992;166:1407-11

Early amniocentesis: outcome, risks, and technical problems at  $\leq 12.8$  weeks (Hanson et al). 1992;166:1707-11

Embryoscopy: a closer look at first-trimester diagnosis and treatment (Reece et al). 1992;166:775-80 (Clin. opinion)

Fetal echocardiography: accuracy and limitations in a population at high and low risk for heart defects (Bromley et al). 1992;166:1473-81

Fetal urine biochemistry in the assessment of obstructive uropathy (Nicolaidis et al). 1992;166:932-7

First report: telemetry-assisted ambulatory nonstress test (Collins). 1992;166:1020-1 (Letter)

Magnetic cell sorting and the transferrin receptor as potential means of prenatal diagnosis from maternal blood (Gänshirt-Ahlert et al). 1992;166:1350-5

Maternal serum  $\alpha$ -fetoprotein,  $\beta$ -human chorionic gonadotropin, and unconjugated estriol levels in midtrimester trisomy 18 pregnancies (Greenberg et al). 1992;166:1388-92

Percutaneous umbilical blood sampling: results from a multicenter collaborative registry (Hickok et al). 1992;166:1614-8

Prenatal diagnosis of autosomal recessive polycystic kidney disease: variable outcome within one family (Barth et al). 1992;166:560-7

Prenatal diagnosis of fetal cytomegalovirus infection (Lamy et al). 1992;166:91-4

Prognosis in fetal diaphragmatic hernia (Sharland et al). 1992;166:9-13

Receiver-operator characteristic, efficiency analysis, and predictive value of serum progesterone concentration as a test for abnormal gestations (Cowan et al). 1992;166:1729-37

Serial thoracic versus abdominal circumference ratios for the prediction of pulmonary hypoplasia in premature rupture of the membranes remote from term (D'Alton et al). 1992;166:658-63

What is the prognosis for congenital cytomegalovirus infection? (Binder). 1992;166:1591 (Letter)

**Prepubertal girl; see Child**

**Presidential address**

Presidential address. 1992;166:1595-6, 1712-6

**Preterm infant; see Infant, premature**

**Preterm labor; see Labor, premature**

**Progestational hormones**

The benefits and risks of hormone replacement therapy: an epidemiologic overview (Harlap). 1992;166:1986-92

Clinical and metabolic considerations of long-term oral contraceptive use (Godsland et al). 1992;166:1955-63

Comparison of transdermal and oral estrogen/progestin replacement therapy: effects on serum lipids and lipoproteins (Crook et al). 1992;166:950-5

The effect of sex steroids on the skeleton in premenopausal women (Lindsay). 1992;166:1993-6

The efficacy and tolerability of norgestimate/ethinyl estradiol (250  $\mu$ g of norgestimate/35  $\mu$ g of ethinyl estradiol): results of an open, multicenter study of 59,701 women (Runnebaum et al). 1992;166:1963-8

Hormone treatment of endometriosis: the estrogen threshold hypothesis (Barbieri). 1992;166:740-5

Introduction to steroids in the menopause (Samsioe). 1992;166:1980-5

Norgestimate: a clinical overview of a new progestin (Bringer). 1992;166:1969-77

Prolonged effects of a novel, low-dosage continuous progestin-cyclic estrogen replacement program in postmenopausal women (Plunkett and Wolfe). 1992;166:117-21

The role of progestins in hormone replacement therapy (Lobo). 1992;166:1997-2004

**Progesterone**

The blood pressure response to infusions of angiotensin II during normal pregnancy: relation to plasma angiotensin II concentration, serum progesterone level, and mean platelet volume (Ito et al). 1992;166:1249-53

Gonadotropin and ovarian hormone dynamics in luteal phase defects (Alexander et al). 1992;166:652-7

In the rhesus monkey placental retention after fetectomy at 121 to 130 days' gestation outlasts the normal duration of pregnancy (Nathanielsz et al). 1992;166:1529-35

Laboratory and clinical comparison of a rapid versus a classic progesterone radioimmunoassay for use in determining abnormal and ectopic pregnancies (Peterson et al). 1992;166:562-6

Natural killer cell activity from pregnant subjects is modulated by RU 486 (Hansen et al). 1992;166:87-90

Receiver-operator characteristic, efficiency analysis, and predictive value of serum progesterone concentration as a test for abnormal gestations (Cowan et al). 1992;166:1729-37

Use of urinary luteinizing hormone immunoassays in the assessment of luteal function in infertile women (Corsan et al). 1992;166:41-6

**Progestin; see Progestational hormones**

**Prostacyclin; see Epoprostenol**

**Prostaglandin E<sub>2</sub>; see Dinoprostone**

**Prostaglandins**

The effects of glycemia on breathing movements and plasma prostaglandin E concentrations in the sheep fetus (Fowden et al). 1992;166:713-9

The mechanisms of preterm labor: common genital tract pathogens do not metabolize arachidonic acid to prostaglandins or to other eicosanoids (Bennett and Elder). 1992;166:1541-5

Prostaglandin- or endothelium-mediated vasodilation is not involved in the blunted responses of blood vessels to vasoconstrictors in pregnant rats (St-Louis and Scotte). 1992;166:684-92

Role of prostaglandins in the metabolic responses of the fetus to hypoxia (Hooper et al). 1992;166:1568-75

**Protease inhibitors**

Direct inhibition of proteases and cervical plasminogen activator by antibiotics (Milwidsky et al). 1992;166:606-12

**Protein levels in placenta; see Pregnancy proteins**

**Proto-oncogenes**

Both 17 $\beta$ -estradiol and tamoxifen induce *c-fos* messenger ribonucleic acid expression in human endometrial carcinoma grown in nude mice (Sakakibara et al). 1992;166:206-12

**Puerperium**

Postpartum paravaginal hematoma and lower-extremity infection (Chatwani et al). 1992;166:598-600

**Pulsatile infusions; see Infusions, intravenous****Pump, infusion; see Infusion pumps****Purpura, thrombotic thrombocytopenic**

Familial occurrence of thrombotic thrombocytopenic purpura in two sisters during pregnancy (Wiznitzer et al). 1992;166:20-1

**Pyridoxine**

Successive pregnancies complicated by idiopathic sideroblastic anemia (Barton et al). 1992;166:576-7

## Q

**Quality of life**

Nafarelin in the management of endometriosis: quality of life assessment (Burry). 1992;166:735-9

**Questionnaires**

Attitudes toward reproduction in a nonpatient population (Wikman et al). 1992;166:121-6

## R

**Racial factors**

Hospitalization for pregnancy complications, United States, 1986 and 1987 (Franks et al). 1992;166:1339-44

**Radiation**

Early menopause in long-term survivors of cancer during adolescence (Byrne et al). 1992;166:788-93

**Radioimmunoassay**

Immunoreactive circulating endothelin-1 in normal and hypertensive pregnancies (Schiff et al). 1992;166:624-8

Laboratory and clinical comparison of a rapid versus a classic progesterone radioimmunoassay for use in determining abnormal and ectopic pregnancies (Peterson et al). 1992;166:562-6

**Rape**

Colposcopy to establish physical findings in rape victims (Slaughter and Brown). 1992;166:83-6

**Receiver-operator characteristic; see ROC curve****Receptors, angiotensin**

Changes in human platelet angiotensin II binding sites associated with early pregnancy (Baker et al). 1992;166:255-6

**Receptors, epidermal growth factor-urogastrone**

Epidermal growth factor receptor expression in cervical intraepithelial neoplasia (Mittal). 1992;166:1593 (Letter)

**Receptors, estrogen**

Functional analysis of a mutant estrogen receptor isolated from T47Dco breast cancer cells (Leslie et al). 1992;166:1053-61

**Receptors, steroid**

Steroids receptors in the endometrium during clomiphene citrate treatment (Shabib and Pittrof) (Letter); (Fritz) (Reply). 1992;166:1866-7

**Receptors, transferrin**

Magnetic cell sorting and the transferrin receptor as potential means of prenatal diagnosis from maternal blood (Gänshirt-Ahlert et al). 1992;166:1350-5

**Recurrent spontaneous abortion; see Abortion, habitual****Regional blood flow**

Low-dose infusion of atrial natriuretic peptide in the conscious guinea pig increases blood flow to the placenta of growth-retarded fetuses (Jansson). 1992;166:213-8

**Registries**

Percutaneous umbilical blood sampling: results from a multicenter collaborative registry (Hickok et al). 1992;166:1614-8

**Regression analysis**

Composite assessment of gestational age: a comparison of institutionally derived and published regression equations (Hill et al). 1992;166:551-5

**Relaxation**

Intravenous nitroglycerin for uterine relaxation of an inverted uterus (Altabef et al). 1992;166:1237-8

**Religion**

Abortion or motherhood, suicide and madness (Ryan). 1992;166:1029-36

**Remission, spontaneous**

Transient severe unilateral and subsequent bilateral primary fetal hydrothorax with spontaneous resolution at 34 weeks' gestation associated with normal neonatal outcome (Sherer et al). 1992;166:169-70

**Renal circulation**

Renal autoregulation in midterm and late-pregnant rats (Reckelhoff et al). 1992;166:1546-50

**Renal impairment; see Kidney diseases****Renin-angiotensin system**

Changes in human platelet angiotensin II binding sites associated with early pregnancy (Baker et al). 1992;166:255-6

**Reproduction**

Attitudes toward reproduction in a nonpatient population (Wikman et al). 1992;166:121-6

Contraceptive prevalence, reproductive health, and international morality (Diczfalusy). 1992;166:1037-43

**Research**

The issue of animal rights and human rights (Heller). 1992;166:1588-9 (Letter)

**Residency; see Internship and residency****Respiratory distress syndrome**

Neonatal morbidity according to gestational age and birth weight from five tertiary care centers in the United States, 1983 through 1986 (Robertson et al). 1992;166:1629-45

Prediction of respiratory distress syndrome by a new colorimetric assay (Almog et al). 1992;166:1827-34

A randomized, placebo-controlled trial of betamethasone for the prevention of respiratory distress syndrome at 24 to 28 weeks' gestation (Garite et al). 1992;166:646-51

**Retropericystourethropy; see Cystourethropy****RH-HR blood-group system**

Chorionic villus sampling for fetal Rh typing: clinical implications (Kickler et al). 1992;166:1407-11

Derivation of new mathematic formulas for determining whether a D-positive father is heterozygous or homozygous for the D antigen (Kanter). 1992;166:61-3

**Rh isoimmunization**

Derivation of new mathematic formulas for determining whether a D-positive father is heterozygous or homozygous for the D antigen (Kanter). 1992;166:61-3

Percutaneous umbilical blood sampling: results from a multicenter collaborative registry (Hickok et al). 1992;166:1614-8

**Ribonucleic acid, messenger; see RNA, messenger****RNA, messenger**

Both 17 $\beta$ -estradiol and tamoxifen induce *c-fos* messenger ribonucleic acid expression in human endometrial carcinoma grown in nude mice (Sakakibara et al). 1992;166:206-12

Transforming growth factor- $\alpha$  and epidermal growth factor messenger ribonucleic acid and protein levels in human placentas from early, mid, and late gestation (Bissonnette et al). 1992;166:192-9

## ROC curve

Receiver-operator characteristic, efficiency analysis, and predictive value of serum progesterone concentration as a test for abnormal gestations (Cowan et al). 1992; 166:1729-37

## Roster

Roster. 1992;166:270-1

**RU-486**; *see* **Mifepristone**

## S

### Sacroiliac joint

An integrated therapy for peripartum pelvic instability: a study of the biomechanical effects of pelvic belts (Vleeming et al). 1992;166:1243-7

**Sacrospinous ligament**; *see* **Ligaments**

### Salpingitis

Pelvic inflammatory disease: trends in hospitalizations and office visits, 1979 through 1988 (Rofls et al). 1992; 166:983-90

### Schools, medical

Leadership qualities of obstetrics and gynecology department chairmen of United States medical schools (Bates and Blackhurst). 1992;166:1102-16

**Screening**; *see* **Mass screening**

### Scrotum

Prenatal ultrasonographic diagnosis of fetal scrotal inguinal hernia (Meizner et al). 1992;166:907-9

**Second-look laparotomy**; *see* **Laparotomy**

**Second trimester of pregnancy**; *see* **Pregnancy trimester, second**

### Seizures

Anticonvulsant effects of magnesium sulfate on hippocampal seizures: therapeutic implications in preeclampsia-eclampsia (Cotton et al). 1992;166:1127-36

### Selection bias

Selection bias in in vitro fertilization programs (Hershlag et al). 1992;166:1-3 (Clin. opinion)

### Semen preservation

Therapeutic donor insemination: a prospective randomized trial of fresh versus frozen sperm (Subak et al). 1992;166:1597-606

### Sensitization

Enhanced sensitization after cordocentesis (Weiner) (Letter); (MacGregor et al) (Reply). 1992;166:1309-10

### Septicemia

The effect of fetal sepsis on umbilical cord gases (Meyer et al). 1992;166:612-7

### Sex determination

Analysis of peripheral blood of pregnant women for the presence of fetal Y chromosome-specific ZFY gene deoxyribonucleic acid sequences (Kao et al). 1992;166: 1013-9

Sex selection and early pregnancy fetal sex determination: ethics and personal freedom of choice (Stephens) (Letter); (Evans and Fletcher) (Reply). 1992;166:1024-5

### Sex preselection

Sex selection and early pregnancy fetal sex determination: ethics and personal freedom of choice (Stephens) (Letter); (Evans and Fletcher) (Reply). 1992;166:1024-5

**Sex steroids**; *see* **Steroids**

**Short umbilical cord**; *see* **Umbilical cord, abnormalities**

### Shoulder

Brachial plexus palsy: an old problem revisited (Jennett et al). 1992;166:1673-7

**Skin patches**; *see* **Administration, cutaneous**

**Small-for-gestational-age infant**; *see* **Infant, small for gestational age**

### Smoking

The effect of benzo(a)pyrene on murine ovarian and corpora lutea volumes (Miller et al). 1992;166:1535-41

A reevaluation of estrogen status in postmenopausal women who smoke (Cassidenti et al). 1992;166:1444-8

Training obstetric and family practice residents to give smoking cessation advice during prenatal care (Secker-Walker et al). 1992;166:1356-63

**Smooth muscle**; *see* **Muscle, smooth**

### Society of Perinatal Obstetricians

12th annual meeting of the Society of Perinatal Obstetricians. 1992;166:273-478

**Spectroscopy**; *see* **Spectrum analysis**

### Spectrum analysis

Changes in human fetal cerebral hemoglobin concentration and oxygenation during labor measured by near-infrared spectroscopy (Peebles et al). 1992;166:1369-73

### Spermatozoa

Criteria for the diagnosis of infertility (Kessopoulou et al) (Letter); (Aitken) (Reply). 1992;166:264-5

Therapeutic donor insemination: a prospective randomized trial of fresh versus frozen sperm (Subak et al). 1992;166:1597-606

### Spina bifida

The California Maternal Serum  $\alpha$ -Fetoprotein Screening Program: the role of ultrasonography in the detection of spina bifida (Platt et al). 1992;166:1328-9

**Spontaneous abortion**; *see* **Abortion**

**Spontaneous abortion, recurrent**; *see* **Abortion, habitual**

**Spontaneous remission**; *see* **Remission, spontaneous**

### Sports

Vaginal injury resulting from sliding down a water chute (Niv et al). 1992;166:930-1

**Stage IB carcinoma**; *see* **Carcinoma**

### Stains and staining

Characteristics of three vaginal flora patterns assessed by Gram stain among pregnant women (Hillier et al). 1992;166:938-44

**Stapling device**; *see* **Surgical staplers**

### Sterilization, tubal

Tubal sterilization and risk of subsequent hospital admission for menstrual disorders (Shy et al). 1992;166:1698-706

### Sternum

Prenatal ultrasonographic findings associated with wide clefting of the upper two thirds of the fetal sternum (Mahone et al). 1992;166:1219-21

**Steroid receptors**; *see* **Receptors, steroid**

**Steroid replacement therapy**; *see* **Estrogen replacement therapy**

### Steroids

The benefits and risks of hormone replacement therapy: an epidemiologic overview (Harlap). 1992;166:1986-92  
Clinical and metabolic considerations of long-term oral contraceptive use (Godsland et al). 1992;166:1955-63

The effect of sex steroids on the skeleton in premenopausal women (Lindsay). 1992;166:1993-6

The efficacy and tolerability of norgestimate/ethinyl estradiol (250  $\mu$ g of norgestimate/35  $\mu$ g of ethinyl estradiol): results of an open, multicenter study of 59,701 women (Runnebaum et al). 1992;166:1963-8

Introduction to steroids in the menopause (Samsioe). 1992;166:1980-5

**Steroids—cont'd**

- Norgestimate: a clinical overview of a new progestin (Bringer). 1992;166:1969-77
- The role of progestins in hormone replacement therapy (Lobo). 1992;166:1997-2004
- The safety of oral contraceptives: epidemiologic insights from the first 30 years (Grimes). 1992;166:1950-4
- Steroids from menarche to menopause: introduction (Mishell). 1992;166:1949

**Streptococcus agalactiae**

- Preterm premature rupture of membranes: results of expectant management in patients with cervical cultures positive for group B streptococcus or *Neisseria gonorrhoeae* (Maxwell and Watson). 1992;166:945-9

**Stress**

- Elevated plasma Met-enkephalin levels in the human newborn are a poor indicator of perinatal stress (Martinez et al). 1992;166:1429-35

**Stromal enzyme; see Enzymes****Subcutaneous pump; see Infusion pumps****Subendocardial ischemia; see Ischemia****Substance abuse**

- Drug use or inadequate prenatal care? Adverse pregnancy outcome in an urban setting (Broekhuizen et al). 1992;166:1747-56
- Routine urine drug screening at the first prenatal visit (Cormogren et al). 1992;166:588-90

**Substance P**

- Substance P in peritoneal fluid (Sanfilippo et al). 1992;166:155-9

**Surface-active agents**

- Effects of antenatal thyrotropin-releasing hormone, antenatal corticosteroids, and postnatal ventilation on surfactant mobilization in premature rabbits (Seidner et al). 1992;166:1551-9

**Surgery, operative**

- The cavitation ultrasonic surgical aspirator for cytoreduction in advanced ovarian cancer (Rose). 1992;166:843-6
- Meta-analysis of surgery in advanced ovarian carcinoma: Is maximum cytoreductive surgery an independent determinant of prognosis? (Hunter et al). 1992;166:504-11

**Surgical staplers**

- Benefits of cesarean section stapling device understated? (Martens). 1992;166:266-7 (Letter)
- The uterine stapling device for cesarean section: a positive view (Pelosi and Pelosi) (Letter); (Villeneuve et al) (Reply). 1992;166:267-8

**Survival**

- Advanced epithelial ovarian carcinoma: long-term survival experience at the community hospital (Unzelman). 1992;166:1663-72

**T****T wave; see Electrocardiography****Tachycardia, supraventricular**

- Treatment of fetal supraventricular tachycardia with flecainide acetate after digoxin failure (Mills) (Letter); (Kofinas) (Reply). 1992;166:1863

**Tamoxifen**

- Both 17 $\beta$ -estradiol and tamoxifen induce *c-fos* messenger ribonucleic acid expression in human endometrial carcinoma grown in nude mice (Sakakibara et al). 1992;166:206-12

- Rapid growth of leiomyoma in patient receiving tamoxifen (Dilts et al). 1992;166:167-8

**Teaching**

- Leadership qualities of obstetrics and gynecology department chairmen of United States medical schools (Bates and Blackhurst). 1992;166:1102-16

**Technology**

- Frontiers of operative laparoscopy: a review and critique of the evidence (Grimes). 1992;166:1062-71
- Infertility and endometriosis: comparison of pregnancy outcomes with laparotomy versus laparoscopic techniques (Gant). 1992;166:1072-81
- The need for technology assessment in the reproductive sciences (McDonough). 1992;166:1082-90

**Telemetry**

- First report: telemetry-assisted ambulatory nonstress test (Collins). 1992;166:1020-1 (Letter)

**Teratogens**

- Anticancer drugs during pregnancy: Are we able to discard them? (Kim et al) (Letter); (van der Zee et al) (Reply). 1992;166:265-6
- Periconceptional exposure to topical 5-fluorouracil (Otaño et al) (Letter); (Plouffe et al) (Reply). 1992;166:263-4

**Terbutaline**

- Influence of terbutaline on ovine uterine response to prostaglandin E<sub>2</sub> challenge (Reid et al). 1992;166:231-5
- Maternal glucose intolerance and the subcutaneous terbutaline pump (Lindenbaum et al). 1992;166:925-8

**Three-dimensional ultrasonography; see Ultrasonography****Thrombocytopenia**

- Alloimmune thrombocytopenia may be associated with systemic disease (Kay et al). 1992;166:110-1
- Fetal polycythemia and thrombocytopenia in pregnancies complicated by maternal diabetes mellitus (Salvesen et al). 1992;166:1287-92
- May-Hegglin anomaly: a rare case of maternal thrombocytopenia in pregnancy (Chatwani et al). 1992;166:143-4
- The natural history of thrombocytopenia associated with preeclampsia (Catanzarite). 1992;166:770-1 (Letter)

**Thrombocytosis**

- The clinical significance of thrombocytosis in women presenting with a pelvic mass (Chalas et al). 1992;166:974-7

**Thrombotic thrombocytopenic purpura; see Purpura, thrombotic thrombocytopenic****Thromboxanes**

- Attenuation of the vasoconstrictor effects of thromboxane and endothelin by nitric oxide in the human fetal-placental circulation (Myatt et al). 1992;166:224-30
- Endothelium-derived relaxing factor and indomethacin-sensitive contracting factor alter arterial contractile responses to thromboxane during pregnancy (Weiner et al). 1992;166:1171-81
- Urinary excretion of prostacyclin and thromboxane metabolites in threatened preterm labor: effect of indomethacin and nylidrin (Kurki et al). 1992;166:150-4

**Thyrotropin-releasing hormone**

- Effects of antenatal thyrotropin-releasing hormone, antenatal corticosteroids, and postnatal ventilation on surfactant mobilization in premature rabbits (Seidner et al). 1992;166:1551-9

**Tissue transplantation**

- Omental graft made simple (Petty). 1992;166:1591 (Letter)

**Tocolysis**

- Influence of terbutaline on ovine uterine response to prostaglandin E<sub>2</sub> challenge (Reid et al). 1992;166:231-5

- Maternal glucose intolerance and the subcutaneous terbutaline pump (Lindenbaum et al). 1992;166:925-8
- Oral magnesium and the prevention of preterm labor in a high-risk group of patients (Martin et al). 1992;166:144-7
- Transient symptomatic subendocardial ischemia during intravenous magnesium sulfate tocolytic therapy (Sherer et al). 1992;166:33-5
- Urinary excretion of prostacyclin and thromboxane metabolites in threatened preterm labor: effect of indomethacin and nylidrin (Kurki et al). 1992;166:150-4
- Tocolytic therapy; see Tocolysis**
- Training; see Education**
- Transactions**
- Transactions of the fifty-eighth annual meeting of the Pacific Coast Obstetrical and Gynecological Society. 1992;166:1595-711
- Transactions of the fifty-ninth annual meeting of the Central Association of Obstetricians and Gynecologists. 1992;166:1712-62
- Transactions of the tenth annual meeting of the American Gynecological and Obstetrical Society. 1992;166:1029-207
- Transcervical embryo transfer; see Embryo transfer**
- Transdermal administration; see Administration, cutaneous**
- Transferrin receptors; see Receptors, transferrin**
- Transforming growth factor alpha**
- Transforming growth factor- $\alpha$  and epidermal growth factor messenger ribonucleic acid and protein levels in human placentas from early, mid, and late gestation (Bissonnette et al). 1992;166:192-9
- Transforming growth factor beta**
- Regulation of growth of normal ovarian epithelial cells and ovarian cancer cell lines by transforming growth factor- $\beta$  (Berchuck et al). 1992;166:676-84
- Transplacental transmission; see Placenta**
- Trichomonas infections**
- Is trichomoniasis often associated with bacterial vaginosis in pregnant adolescents? (James et al). 1992;166:859-63
- Trichomonas vaginalis**
- Vaginal  $\text{PO}_2$  in healthy women and in women infected with *Trichomonas vaginalis*: potential implications for metronidazole therapy (Rashad et al). 1992;166:620-4
- Tricuspid valve**
- Normal fetal Doppler inferior vena cava, transtricuspid, and umbilical artery flow velocity waveforms between 11 and 16 weeks' gestation (Wladimiroff et al). 1992;166:921-4
- Triglycerides**
- Comparison of transdermal and oral estrogen/progestin replacement therapy: effects on serum lipids and lipoproteins (Crook et al). 1992;166:950-5
- The Diabetes in Early Pregnancy Study: changes in cholesterol, triglycerides, body weight, and blood pressure (Peterson et al). 1992;166:513-8
- Prolonged effects of a novel, low-dosage continuous progestin-cyclic estrogen replacement program in postmenopausal women (Plunkett and Wolfe). 1992;166:117-21
- Triplets**
- Actocardiographic monitoring of triplets during vaginal delivery (van Eyck and Arabin). 1992;166:1293-4
- Triplet pregnancy involving complete hydatidiform mole and two fetuses: genetic analysis by deoxyribonucleic acid fingerprint (Azuma et al). 1992;166:664-7
- Trisomy**
- Bilateral choroid plexus cysts in trisomy 21 (Rotmensch et al). 1992;166:591-2
- Maternal serum  $\alpha$ -fetoprotein,  $\beta$ -human chorionic gonadotropin, and unconjugated estriol levels in midtrimester trisomy 18 pregnancies (Greenberg et al). 1992;166:1388-92
- Ultrasonographic screening for trisomy 21 (Bernstein) (Letter); (Lockwood et al) (Reply). 1992;166:1591
- Trophoblast**
- Evidence of embryo- and trophoblast-toxic cellular immune response(s) in women with recurrent spontaneous abortion (Hill et al). 1992;166:1044-52
- Tubal pregnancy; see Pregnancy, tubal**
- Tubal sterilization; see Sterilization, tubal**
- Tumor necrosis factor**
- Stimulation of ovarian tumor cell proliferation with monocyte products, including interleukin- $\alpha$ , interleukin-6, and tumor necrosis factor- $\alpha$  (Wu et al). 1992;166:997-1007
- Tumor necrosis factor in preterm and term labor (Romero et al). 1992;166:1576-87
- Twin-twin transfusion syndrome; see Fetofetal transfusion**
- Twins**
- Breech extraction of low-birth-weight second twins: Can cesarean section be justified? (Davison et al). 1992;166:497-502
- Triplet pregnancy involving complete hydatidiform mole and two fetuses: genetic analysis by deoxyribonucleic acid fingerprint (Azuma et al). 1992;166:664-7
- The Zavanelli maneuver applied to locked twins (Swartjes et al). 1992;166:532
- U
- Ultrasonography**
- The cavitation ultrasonic surgical aspirator for cytoreduction in advanced ovarian cancer (Rose). 1992;166:843-6
- Increasing use of gynecologic ultrasonography (Goldstein) (Letter); (Willson) (Reply). 1992;166:1310-1
- Ovarian cancer screening (Gosink) (Letter); (Creasman and DiSaia) (Reply). 1992;166:1591-3
- Transvaginal ultrasonographic quantitative assessment of accumulated cul-de-sac fluid (Rosen et al). 1992;166:542-4
- Ultrasonography, prenatal; see also Prenatal diagnosis**
- The California Maternal Serum  $\alpha$ -Fetoprotein Screening Program: the role of ultrasonography in the detection of spina bifida (Platt et al). 1992;166:1328-9
- Comment on fetal breathing movements after premature rupture of membranes (Kivikoski and Amon) (Letter); (Roberts) (Reply). 1992;166:770
- Comparison of dynamic image and pulsed Doppler ultrasonography for the diagnosis of the small-for-gestational-age fetus (Miller and Gabert). 1992;166:1820-6
- Comprehensive fetal assessment with three ultrasonographic characteristics (James et al). 1992;166:1486-95
- Diagnosis of cervical change in pregnancy by means of transvaginal ultrasonography (Joffe et al). 1992;166:896-900
- Doppler ultrasonographic features of the developing placental circulation: correlation with anatomic findings (Jauniaux et al). 1992;166:585-7
- Emergency room use of transvaginal ultrasonography by obstetrics and gynecology residents (Timor-Tritsch et al). 1992;166:866-72

**Ultrasonography, prenatal—cont'd**

- Fetal humeral length to detect Down syndrome (Rotmensch et al). 1992;166:1330-4
- The frequency of breech presentation by gestational age at birth: a large population-based study (Hickok et al). 1992;166:851-2
- Intracerebral, aortic, and umbilical artery flow velocity waveforms in the late-first-trimester fetus (Wladimiroff et al). 1992;166:46-9
- Mechanism of recurrent spontaneous abortion. I. Ultrasonographic findings (Stern and Coulam). 1992;166:1844-52
- A model-based prediction for transvaginal ultrasonographic identification of early intrauterine pregnancy (Shapiro et al). 1992;166:1495-500
- Normal fetal Doppler inferior vena cava, transtricuspid, and umbilical artery flow velocity waveforms between 11 and 16 weeks' gestation (Wladimiroff et al). 1992;166:921-4
- Prenatal ultrasonographic diagnosis of fetal scrotal inguinal hernia (Meizner et al). 1992;166:907-9
- Prenatal ultrasonographic findings associated with wide clefting of the upper two thirds of the fetal sternum (Mahone et al). 1992;166:1219-21
- The primary application of three-dimensional ultrasonography in obstetrics (Kuo et al). 1992;166:880-6
- The tip of the iceberg and the best fit in ultrasonographic dating of pregnancy (Rossavik) (Letter); (Goldstein) (Reply). 1992;166:1867-8
- Transabdominal chorionic villus sampling: a modified free-hand ultrasonographically guided technique (Hill and Laifer). 1992;166:512
- Ultrasonographic dating of pregnancy causes significant errors in Down syndrome risk assessment that may be minimized by use of biparietal diameter-based means (Reynolds et al). 1992;166:872-7
- Ultrasonographic screening for trisomy 21 (Bernstein) (Letter); (Lockwood et al) (Reply). 1992;166:1591
- The use of neural network for the ultrasonographic estimation of fetal weight in the macrosomic fetus (Farmer et al). 1992;166:1467-72
- Uterine and umbilical flow velocity waveforms in normotensive and hypertensive subjects during the angiotensin II sensitivity test (Erkkola and Pirhonen). 1992;166:910-6
- Validity of postnatal assessments of gestational age: a comparison of the method of Ballard et al and early ultrasonography (Alexander et al). 1992;166:891-5

**Umbilical arteries**

- Applicability of the Poiseuille equation to umbilical artery velocimetry (Degani) (Letter); (Wright and Ridgway) (Reply). 1992;166:766-7
- Comprehensive fetal assessment with three ultrasonographic characteristics (James et al). 1992;166:1486-95
- Intracerebral, aortic, and umbilical artery flow velocity waveforms in the late-first-trimester fetus (Wladimiroff et al). 1992;166:46-9
- Normal fetal Doppler inferior vena cava, transtricuspid, and umbilical artery flow velocity waveforms between 11 and 16 weeks' gestation (Wladimiroff et al). 1992;166:921-4
- Umbilical artery flow velocity after vibratory acoustic stimulation (Nakamura et al) (Letter); (Gagnon et al) (Reply). 1992;166:1865-6

Uterine and umbilical flow velocity waveforms in normotensive and hypertensive subjects during the angiotensin II sensitivity test (Erkkola and Pirhonen). 1992;166:910-6

**Umbilical cord**

- Change in electrocardiogram T-wave amplitude during umbilical cord compression is predictive of fetal condition in sheep (Watanabe et al). 1992;166:246-55
- The effect of fetal sepsis on umbilical cord gases (Meyer et al). 1992;166:612-7
- Enhanced sensitization after cordocentesis (Weiner) (Letter); (MacGregor et al) (Reply). 1992;166:1309-10
- The physiologic mechanisms of variable decelerations (Ball and Parer). 1992;166:1683-9

**Umbilical cord, abnormalities**

- The short umbilical cord (Collins). 1992;166:268-9 (Letter)

**Ureaplasma**

- Eradication of *Ureaplasma urealyticum* from the amniotic fluid with transplacental antibiotic treatment (Romero et al). 1992;166:618-20
- Ureaplasma urealyticum* resistance to erythromycin: confirmed by clinical trial (Kundsin et al) (Letter); (Eschenbach et al) (Reply). 1992;166:1864-5

**Uric acid**

- Plasma endothelin levels in preeclampsia: elevation and correlation with uric acid levels and renal impairment (Clark et al). 1992;166:962-8

**Urinary incontinence**

- Urinary incontinence: correlation of history and brief office evaluation with multichannel urodynamic testing (Summitt et al). 1992;166:1835-44

**Urinary incontinence, stress**

- Modified retropubic cystourethropexy II (Goodno and Powers). 1992;166:1678-82

**Urinary tract, pathology**

- Fetal urine biochemistry in the assessment of obstructive uropathy (Nicolaidis et al). 1992;166:932-7

**Urine**

- Fetal urine biochemistry in the assessment of obstructive uropathy (Nicolaidis et al). 1992;166:932-7
- Routine urine drug screening at the first prenatal visit (Colmorgen et al). 1992;166:588-90
- Urinary excretion of prostacyclin and thromboxane metabolites in threatened preterm labor: effect of indomethacin and nylidrin (Kurki et al). 1992;166:150-4

**Urodynamics**

- Urinary incontinence: correlation of history and brief office evaluation with multichannel urodynamic testing (Summitt et al). 1992;166:1835-44

**Uropathy; see Urinary tract, pathology****Uterine arteries**

- Endothelium-derived relaxing factor and indomethacin-sensitive contracting factor alter arterial contractile responses to thromboxane during pregnancy (Weiner et al). 1992;166:1171-81
- Lack of reactivity of uterine arteries from patients with obstetric hemorrhage (Nelson and Suresh). 1992;166:1436-43
- Uterine contraction**
- Changes in human fetal cerebral hemoglobin concentration and oxygenation during labor measured by near-infrared spectroscopy (Peebles et al). 1992;166:1369-73
- The presence of platelet-activating factor binding sites in

human myometrium and their role in uterine contraction (Zhu et al). 1992;166:1222-7

#### **Uterine diseases**

Infarction of the uterus from subacute incomplete inversion (Romo et al). 1992;166:878-9

#### **Uterine hemorrhage**

Lack of reactivity of uterine arteries from patients with obstetric hemorrhage (Nelson and Suresh). 1992;166:1436-43

#### **Uterine neoplasms**

Accuracy of frozen-section diagnosis at surgery in clinical state I and II endometrial carcinoma (Shim et al). 1992;166:1335-8

The benefits and risks of hormone replacement therapy: an epidemiologic overview (Harlap). 1992;166:1986-92

Both 17 $\beta$ -estradiol and tamoxifen induce *c-fos* messenger ribonucleic acid expression in human endometrial carcinoma grown in nude mice (Sakakibara et al). 1992;166:206-12

Deoxyribonucleic acid analysis by flow cytometry of uterine leiomyosarcomas and smooth muscle tumors of uncertain malignant potential (Peters et al). 1992;166:1646-54

Immunohistochemical detection of the multi-drug-resistance marker P-glycoprotein in uterine cervical carcinomas and normal cervical tissue (Schneider et al). 1992;166:825-9

Insulin-like growth factor I and II binding in human myometrium and leiomyomas (Chandrasekhar et al). 1992;166:64-9

Phase II trial of ifosfamide and mesna in leiomyosarcoma of the uterus: a gynecologic oncology group study (Sutton et al). 1992;166:556-9

Rapid growth of leiomyoma in patient receiving tamoxifen (Dilts et al). 1992;166:167-8

Treatment of uterine fibroids: current findings with gonadotropin-releasing hormone agonists (Adamson). 1992;166:746-51

#### **Uterine prolapse**

Anatomic aspects of vaginal eversion after hysterectomy (DeLancey). 1992;166:1717-28

#### **Uteroplacental blood flow; see Fetal blood**

#### **Uterus**

Influence of labor and oxytocin on in vitro leukotriene release by human fetal membranes and uterine decidua at term gestation (Pasetto et al). 1992;166:1500-6

Intravenous nitroglycerin for uterine relaxation of an inverted uterus (Altabel et al). 1992;166:1237-8

#### **Uterus, blood supply**

Interrelationship and clinical significance of increased resistance in the uterine arteries in patients with hypertension or preeclampsia or both (Kofinas et al). 1992;166:601-6

Uterine and umbilical flow velocity waveforms in normotensive and hypertensive subjects during the angiotensin II sensitivity test (Erkkola and Pirhonen). 1992;166:910-6

Venous drainage of the human uterus: respiratory gas studies in normal and fetal growth-retarded pregnancies (Pardi et al). 1992;166:699-706

#### **Uterus, drug effects**

Influence of terbutaline on ovine uterine response to prostaglandin E<sub>2</sub> challenge (Reid et al). 1992;166:231-5

#### **Uterus, injuries**

Nonsurgical management of penetrating uterine trauma in pregnancy: a case report (Grubb). 1992;166:583-4

### **V**

#### **Vagina**

Anatomic aspects of vaginal eversion after hysterectomy (DeLancey). 1992;166:1717-28

Human vaginal leukocytes and the effects of vaginal fluid on lymphocyte and macrophage defense functions (Hill and Anderson). 1992;166:720-6

#### **Vagina, injuries**

Vaginal injury resulting from sliding down a water chute (Niv et al). 1992;166:930-1

#### **Vagina, surgery**

Upper vaginectomy for in situ and occult, superficially invasive carcinoma of the vagina (Hoffman et al). 1992;166:30-3

#### **Vaginal birth after cesarean**

Vaginal birth after cesarean delivery: Are there useful and valid predictors of success or failure? (Pickhardt et al). 1992;166:1811-9

#### **Vaginal delivery; see Delivery**

#### **Vaginal neoplasms**

Upper vaginectomy for in situ and occult, superficially invasive carcinoma of the vagina (Hoffman et al). 1992;166:30-3

#### **Vaginal pessary; see Pessaries**

#### **Vaginal radical hysterectomy; see Hysterectomy, vaginal**

#### **Vaginal smears**

Cervical cytology: a randomized comparison of four sampling methods (McCord et al). 1992;166:1772-9

Papanicolaou smear abnormalities in ambulatory care sites for women infected with the human immunodeficiency virus (Marte et al). 1992;166:1232-7

#### **Vaginectomy; see Vagina, surgery**

#### **Vaginitis**

Characteristics of three vaginal flora patterns assessed by Gram stain among pregnant women (Hillier et al). 1992;166:938-44

Incidence of pelvic inflammatory disease after first-trimester legal abortion in women with bacterial vaginosis after treatment with metronidazole: a double-blind, randomized study (Larsson et al). 1992;166:100-3

Is trichomoniasis often associated with bacterial vaginosis in pregnant adolescents? (James et al). 1992;166:859-63

#### **Vascular resistance**

Interrelationship and clinical significance of increased resistance in the uterine arteries in patients with hypertension or preeclampsia or both (Kofinas et al). 1992;166:601-6

#### **Vascular smooth muscle; see Muscle, smooth, vascular**

#### **Vasoconstriction**

Attenuation of the vasoconstrictor effects of thromboxane and endothelin by nitric oxide in the human fetal-placental circulation (Myatt et al). 1992;166:224-30

N $\omega$ -Nitro-L-arginine, and inhibitor of nitric oxide synthesis, increases blood pressure in rats and reverses the pregnancy-induced refractoriness to vasopressor agents (Molnár and Hertelendy). 1992;166:1560-7

Prostaglandin- or endothelium-mediated vasodilation is not involved in the blunted responses of blood vessels to vasoconstrictors in pregnant rats (St-Louis and Sicotte). 1992;166:684-92

**Vasodilation**

Prostaglandin- or endothelium-mediated vasodilation is not involved in the blunted responses of blood vessels to vasoconstrictors in pregnant rats (St-Louis and Sicotte). 1992;166:684-92

**Vena cava, inferior**

Inferior vena cava flow velocity waveforms in appropriate- and small-for-gestational-age fetuses (Rizzo et al). 1992;166:1271-80

Normal fetal Doppler inferior vena cava, transtricuspid, and umbilical artery flow velocity waveforms between 11 and 16 weeks' gestation (Wladimiroff et al). 1992;166:921-4

**Ventilation**

Effects of antenatal thyrotropin-releasing hormone, antenatal corticosteroids, and postnatal ventilation on surfactant mobilization in premature rabbits (Seidner et al). 1992;166:1551-9

**von Willebrand factor**

Preeclampsia, von Willebrand factor antigen, and endothelial cells (Blann) (Letter); (Taylor et al) (Reply). 1992;166:769-70

**Vulvar diseases**

Necrotizing fasciitis of the vulva (Stephenson et al). 1992;166:1324-7

Superficial laser vulvectomy. V. Surgical debulking is enhanced by adjuvant systemic interferon (Reid et al). 1992;166:815-20

**Vulvar neoplasms**

In situ and invasive vulvar cancer incidence trends (1973 to 1987) (Sturgeon et al). 1992;166:1482-5

**Vulvovaginal moniliasis; see Moniliasis, vulvovaginal****W****Water chute**

Vaginal injury resulting from sliding down a water chute (Niv et al). 1992;166:930-1

**WISH cells; see Amnion****Wounds and injuries**

Acute genital injury in the prepubertal girl (Pokorny et al). 1992;166:1461-6

Nonsurgical management of penetrating uterine trauma in pregnancy: a case report (Grubb). 1992;166:583-4

**Y****Y chromosome**

Analysis of peripheral blood of pregnant women for the presence of fetal Y chromosome-specific ZFY gene deoxyribonucleic acid sequences (Kao et al). 1992;166:1013-9

**Z****Zavanelli maneuver**

The Zavanelli maneuver applied to locked twins (Swartjes et al). 1992;166:532

**ZFY gene**

Analysis of peripheral blood of pregnant women for the presence of fetal Y chromosome-specific ZFY gene deoxyribonucleic acid sequences (Kao et al). 1992;166:1013-9
